other animals, and in fact find it offensive to women and people of color that all of a sudden there's talk of extending human-rights-like legal
protections to chimps, apes, and octopuses, just a generation or two after we finally broke the white-male monopoly on legal personhood In these

Best Practices in PDF Reading and Annotation

Be sparing on highlighting, selecting pertinent words or phrases rather than entire paragraphs This ensures that the tools for finding annotations and
the annotation summaries are brief and useful When comparing multiple documents in a package remember to Open a New Window to see them side
by side This allows review of
