Mental Practice for Musicians: Theory and Application

Mental Practice for Musicians: Theory and Application Malva S Freymuth Introduction Musicians today must contend with a highly competitive environment where a combination of over-practice, tension, and stress is a common problem. Since these states frequently result in occupational injuries, it behooves musicians to

The Raven's Spiral Guide to Music Theory Version 0.3

The stated purpose of this guide is to help composers without an academic background like me learn the basics of music theory. I don't feel a great need to explain how it is that people can start writing music without knowing at all about music theory, because chances are if you're reading this guide that's exactly what you've done.
