[The Beauty Suit](#) Jul 01 2022 A young feminist finds herself questioning why "hotness" has become necessary for female empowerment—and looks for alternatives. Looking good feels good. But in a society where looking good is posited as being strong, while negotiating for better pay is statistically proven to damage our careers, is it fair to say that wicked eyeliner, weekly blowouts, and a polished Instagram feed are the keys to our liberation? If so—if "hot" really is a good enough synonym for "empowered"—why do so many of us feel, deep in our bones, that the sexy-as-strong model is a distraction? Is "pretty" still the closest to power women can get? Why is looking fierce an acceptable substitute for living in a world where women are safe? Inspired in seminary by American Muslimahs who wear the hijab for feminist reasons, Lauren Shields took off what she calls the Beauty Suit—the "done" hair, the tasteful and carefully applied makeup, the tight clothes and foot-binding shoes—for nine months. She'd really only wanted to do an experiment. Instead, her life—especially her views on what constitutes "liberation"—changed forever. Rooted in feminist theory and religious history, and guided by a snappy personal narrative, [The Beauty Suit](#) unpacks modern American womanhood: a landscape where the female body is still so often the battleground for male ideals, and where we struggle with our rights as human beings to define and exercise our freedom.

The Destruction of Hillary Clinton May 19 2021 Gossip is easy. Get to the deeper truth, with this in-depth look at the political forces and media culture that vilified and ultimately brought down Hillary Clinton in the 2016 presidential campaign. The Destruction of Hillary Clinton is an answer to the question many have been asking: How did an extraordinarily well-qualified, experienced, and admired candidate—whose victory would have been as historic as Barack Obama's—come to be seen as a tool of the establishment, a chronic liar, and a talentless politician? In this masterful narrative of the 2016 campaign year and the events that led up to it, Susan Bordo unpacks the Rights' assault on Clinton and her reputation, the way the left provoked suspicion and indifference among the youth vote, the inescapable presence of James Comey, questions about Russian influence, and the media's malpractice in covering the candidate. Urgent, insightful, and engrossing, [The Destruction of Hillary Clinton](#) is an essential guide to understanding the most controversial presidential election in American history.

The Maybelline Story and the Spirited Family Dynasty Behind It Jan 03 2020 In 1915, when a kitchen stove fire singed his sister Mabel's lashes and brows, Tom Lyle Williams watched in fascination as she performed a 'secret of the harem'-mixing petroleum jelly with coal dust and ash from a burnt cork and apply it to her lashes and brows. Mabel's simple beauty trick ignited Tom Lyle's imagination and he started what would become a billion-dollar business, one that remains a viable American icon after nearly a century. He named it Maybelline in her honor. Throughout the 20th century, the Maybelline Company inflated, collapsed, endured, and thrived in tandem with the nation's upheavals—as did the family that nurtured it. Setting up shop first in Chicago, Williams later, to avoid unwanted scrutiny of his private life, cloistered himself behind the gates of his Rudolph Valentino Villa and ran his empire from a distance. Now after nearly a century of silence, this true story celebrates the life of an American entrepreneur, a man whose vision rocketed him to success along with the woman held in his orbit, Evelyn Boecher—who became his lifelong fascination and muse. Captivated by her 'roaring charisma,' he affectionately called her the 'real Miss Maybelline' and based many of his advertising campaigns on the woman she represented: commandingly beautiful, hard-boiled and daring. Evelyn masterminded a life of vanity, but would fall prey to fortune hunters and a mysterious murder that even today remains unsolved. A fascinating and inspiring story of ambition, luck, secrecy—and surprisingly, above all, love and forgiveness, a tale both epic and intimate, alive with the clash, the hustle, the music, and dance of American enterprise.

**IMF Staff papers** Jun 27 2019 This paper examines the proposition that flexible exchange rates are more (less) inflationary than a system of fixed exchange rates. The paper first discusses possible effects of a change in the exchange rate regime on the price level. It examines the two arguments that flexible exchange rates will increase world prices both by increasing costs of production and by reducing either the official or private demand for money. The effects of the exchange rate regime on the continuing rate of inflation are discussed next and are divided into those that affect a government's policy preferences in the demand-management area and those that affect the perceived short-term trade-off between inflation and unemployment. The paper concludes that despite the numerous arguments and counterarguments and despite the importance attached to this issue in discussions of international monetary reform, the type of exchange rate system is likely to have little influence on the average rate of world inflation.

**Down the Rabbit Hole** Mar 29 2022 The real, untold, and unvarnished story of life inside the legendary Playboy Mansion—and the man who holds the key—from the woman who was Hef's #1 girlfriend and star of *The Girls Next Door*. A spontaneous decision at age twenty-one transformed small-town Oregon girl Holly Sue Cullen into Holly Madison, Hugh Hefner's #1 girlfriend. But like Alice in Wonderland after she plunged down the rabbit hole, what seemed like a fairytale life inside the Playboy Mansion—including A-list celebrity parties and her own #1-rated television show—quickly devolved into an oppressive routine of strict rules, manipulation, and battles with ambitious, backstabbing bunnies. Losing her identity, her sense of self-worth, and her hope for the future, Holly found herself sitting alone in a bathtub contemplating suicide. But instead of ending her life, Holly chose to take charge of it. In this shockingly candid and surprisingly moving memoir, this thoughtful and introspective woman opens up about life inside the Mansion, the drugs, the sex and the infamous parties, as well as what her relationships with her *Girls Next Door* co-stars, Bridget and Kendra were really like. Holly talks candidly about a subsequent abusive relationship, her own successful television series, and the hard work of healing, including her turn on *Dancing with the Stars*. A cautionary tale and a celebration of personal empowerment, *Down the Rabbit Hole* reminds us of the importance of fighting for our dreams—and finding the life we deserve.

**The Creation of Me, Them and Us** Apr 17 2021 From the author of *Binding Chaos*, this book brings us back to the beginning. The beginning of designing a better method of governance and way of living is to look at the structure of our self. The scope and originality of this book present a radical challenge to a seldom examined worldview. With an extremely wide reach and richness of detail, *The Creation of Me, Them and Us* sets the stage for further discussions of institutional reform by tackling the fundamental questions of who are we, what do we want, and why do we act the way we do? These questions (and answers) are fundamental in understanding a world that may seem incomprehensible today.

**Almond** Jul 09 2020 A BTS fan favorite! **A WALL STREET JOURNAL STORIES THAT CAN TAKE YOU ANYWHERE PICK \* ENTERTAINMENT WEEKLY'S STAY HOME AND READ PICK \* SALON'S BEST AND BOLDEST \* BUSTLE'S MOST ANTICIPATED** The Emissary meets The Curious Incident of the Dog in the Nighttime in this poignant and triumphant story about how love, friendship, and persistence can change a life forever. This story is, in short, about a monster meeting another monster. One of the monsters is me. Yunjae was born with a brain condition called Alexithymia that makes it hard for him to feel emotions like fear or anger. He does not have friends—the two almond-shaped neurons located deep in his brain have seen to that—but his devoted mother

and grandmother provide him with a safe and content life. Their little home above his mother's used bookstore is decorated with colorful Post-it notes that remind him when to smile, when to say "thank you," and when to laugh. Then on Christmas Eve—Yunjae's sixteenth birthday—everything changes. A shocking act of random violence shatters his world, leaving him alone and on his own. Struggling to cope with his loss, Yunjae retreats into silent isolation, until troubled teenager Gon arrives at his school, and they develop a surprising bond. As Yunjae begins to open his life to new people—including a girl at school—something slowly changes inside him. And when Gon suddenly finds his life at risk, Yunjae will have the chance to step outside of every comfort zone he has created to perhaps become the hero he never thought he would be. Readers of *Wonder* by R.J. Palacio and  *Ginny Moon* by Benjamin Ludwig will appreciate this "resonant" story that "gives Yunjae the courage to claim an entirely different story." (Booklist, starred review) Translated from the Korean by Sandy Joosun Lee.

**That Thing You Do With Your Mouth** Jun 07 2020 In *That Thing You Do With Your Mouth*, actress and voice-over artist Samantha Matthews offers—in the form of an extended monologue, prompted and arranged by New York Times bestselling author (and Matthews's cousin once removed) David Shields—a vivid investigation of her startling sexual history. From her abuse at the hands of a family member to her present-day life in Barcelona, where she briefly moonlighted as a dubber of Italian pornography into English, Matthews reveals herself to be a darkly funny, deeply contemporary woman with a keen awareness of how her body has been routinely hijacked, and how she has been "formatted" by her early trauma. Her story is a study of her uneasy relationships with female desire, her tormentors, and her lovers—with whom she seeks out both the infliction and receipt of harm. This book is an attempt, sometimes self-thwarted, to break down barriers: sexual and emotional for Matthews, literary for Shields. For them, the only response to the unspeakable is to speak, to do that thing you do with your mouth, as directly and honestly as possible. Their provocative performance refuses neat resolution or emotional pornography; it will have readers, from literary critics to Jezebel commentators, raving, raging, celebrating, talking.

**Law & Advertising** Nov 12 2020 In this lively, entertaining, and informative book, Dean K. Fueroghne guides readers through the complex laws governing the creation of advertising, illuminating a heavily regulated arena at the intersection of free enterprise and consumer protection. Is it acceptable to use images of real people, famous or not? Can Nike talk about Adidas in its promotional campaign? When can money be shown? What constitutes puffery, or deceptive truth, or bait-and-switch advertising? What are the specific rules pertaining to professional businesses, political advertising, or the marketing of alcohol or tobacco? What is the difference between copyright and trademark? Fueroghne answers these questions and more as he covers the complex laws relevant to advertising in all its guises. In addition to discussing specific cases, he explains the reasoning behind the court's decisions and how it affects the business of advertising. Students of strategic communication as well as advertising professionals—from agency account executives and copywriters to art directors and freelance designers—will learn to anticipate when proposed advertising may cause legal problems and how to avoid costly mistakes. Advertising lawyers will also appreciate the book as a handy reference that gathers in one place the many disparate laws affecting marketing and promotion in the United States today.

**Gender Justice and the Law** May 31 2022 *Gender Justice and the Law* presents a collection of essays that examines how gender, as a category of identity, must continually be understood in relation to how structures of inequality define and shape its meaning. It asks how notions of "justice" shape gender identity and whether the legal justice system itself privileges notions of gender or is itself gendered. Shaped by politics and policy, *Gender Justice* essays contribute to understanding how theoretical practices of intersectionality relate to structures of inequality and relations formed as a result of their interaction. Given its theme, the collection's essays examine theoretical practices of intersectional identity at the nexus of "gender and justice" that might also relate to issues of sexuality, race, class, age, and ability.

**Bare Men** Dec 14 2020 "Bare Men" portrays the male nude as a human and a work of art, not simply a utilitarian device. It celebrates men who are comfortable in their skin, relaxed, powerful, erect, vulnerable. The images share moments of joy, the power of release, physical angst and ease of masculinity. **Proxies** Feb 13 2021 How those with the power to design technology, in the very moment of design, are allowed to imagine who is included—and who is excluded—in the future. Our world is built on an array of standards we are compelled to share. In *Proxies*, Dylan Mulvin examines how we arrive at those standards, asking, "To whom and to what do we delegate the power to stand in for the world?" Mulvin shows how those with the power to design technology, in the very moment of design, are allowed to imagine who is included—and who is excluded—in the future. For designers of technology, some bits of the world end up standing in for other bits, standards with which they build and calibrate. These "proxies" carry specific values, even as they disappear from view. Mulvin explores the ways technologies, standards, and infrastructures inescapably reflect the cultural milieus of their bureaucratic homes. Drawing on archival research, he investigates some of the basic building-blocks of our shared infrastructures. He tells the history of technology through the labor and communal practices of, among others, the people who clean kilograms to make the metric system run, the women who pose as test images, and the actors who embody disease and disability for medical students. Each case maps the ways standards and infrastructure rely on prototypical ideas of whiteness, able-bodiedness, and purity to control and contain the messiness of reality. Standards and infrastructures, Mulvin argues, shape and distort the possibilities of representation, the meaning of difference, and the levers of change and social justice.

**What I Didn't Post on Instagram** Sep 22 2021 "What I Didn't Post on Instagram" is a collection of essays that explores the fertile territory between women's lives and social media. We're smart enough to know nothing is what it seems online, but a healthy dose of context makes a viewing of even the most aspirational, jealousy-inducing Instagram photo an exercise in empathy. *What I Didn't Post on Instagram* shows us in painstaking detail that we are all the same behind the filters, we are all just trying to be a person. We are just trying to figure out what to do when we discover that our happily ever afters coexist with things like anxiety, imperfection, and the persistent feeling that we aren't doing it right."

**Ladies Who Punch** Oct 24 2021 THE INSTANT NEW YORK TIMES AND WALL STREET JOURNAL BESTSELLER Like *Fire & Fury*, the gossipy real-life soap opera behind a serious show. When Barbara Walters launched *The View*, network executives told her that hosting it would tarnish her reputation. Instead, within ten years, she'd revolutionized morning TV and made household names of her co-hosts: Joy Behar, Star Jones, Meredith Vieira and Elisabeth Hasselbeck. But the daily chaffest didn't just comment on the news. It became the news. And the headlines barely scratched the surface. Based on unprecedented access, including stunning interviews with nearly every host, award-winning journalist Ramin Setoodeh takes you backstage where the stars really spoke their minds. Here's the full story of how Star, then Rosie, then Whoopi tried to take over the show, while Barbara struggled to maintain control of it all, a modern-day Lear with her media-savvy daughters. You'll read about how so many co-hosts had a tough time fitting in, suffered humiliations at the table, then pushed themselves away, feeling betrayed—one nearly quitting during a commercial. Meanwhile, the director was being driven insane, especially by Rosie. Setoodeh uncovers the truth about

Star's weight loss and wedding madness. Rosie's feud with Trump. Whoopi's toxic relationship with Rosie. Barbara's difficulty stepping away. Plus, all the unseen hugs, snubs, tears—and one dead rodent. Ladies Who Punch shows why The View can be mimicked and mocked, but it can never be matched.

**Johnny Depp Photo Album Jun 19 2021** The Johnny Depp Photo Album follows the unstoppable rise of its subject: through all the movies and the drunken bad-boy behaviour, the romantic affairs with actress Winona Ryder and supermodel Kate Moss, to his current peak in films like the Pirates of the Caribbean trilogy, Charlie and the Chocolate Factory and the box-office smash Alice in Wonderland. Featuring a wealth of film stills and candid shots away from the set, it also shows the other side of the screen icon: rejecting his former life of high-profile hellraising, Depp has chosen to live away from the madness of Hollywood and devote himself to his family. As this book sweetly illustrates, Johnny Depp has found the meaning of life itself in his relationships with his photogenic partner, French singing star Vanessa Paradis, and their children, who he aggressively shields from the media spotlight. This eye-catching designed tribute introduces us to the family man who also happens to be the greatest screen star on the planet.

**Words Without Pictures Feb 25 2022** Words Without Pictures was originally conceived of by curator Charlotte Cotton as a means of creating spaces for thoughtful and urgent discourse around current issues in photography. Every month for a year, beginning in November 2007, an artist, educator, critic, art historian, or curator was invited to contribute a short, un-illustrated, and opinionated essay about an aspect of photography that, in his or her view, was either emerging or in the process of being rephrased. Each piece was available on the Words Without Pictures website for one month and was accompanied by a discussion forum focused on its specific topic. Over the course of its month-long life, each essay received both invited and unsolicited responses from a wide range of interested parties—students, photographers active in the commercial sector, bloggers, critics, historians, artists of all kinds, educators, publishers, and photography enthusiasts alike—all coming together to consider the issues at hand. All of these essays, responses, and other provocations are gathered together in a volume designed by David Reinfurt of Dexter Sinister. Previously issued as a print-on-demand title, Aperture is pleased to present Words Without Pictures to the trade for this first time as part of the Aperture Ideas series.

**There Was a Little Girl Sep 03 2022** The perfect gift for Brooke Shields fans, *There Was a Little Girl* explores Brooke's relationship with her unforgettable mother, Teri, in this extraordinary, heartfelt memoir that became a New York Times bestseller. Brooke Shields never had what anyone would consider an ordinary life. She was raised by her Newark-tough single mom, Teri, a woman who loved the world of show business and was often a media sensation all by herself. Brooke's iconic modeling career began by chance when she was only eleven months old, and Teri's skills as both Brooke's mother and her manager were formidable. But in private she was troubled and drank heavily. As Brooke became an adult the pair made choices and sacrifices that would affect their relationship forever. And when Brooke's own daughters were born she found that her experience as a mother was shaped in every way by the woman who raised her. But despite the many ups and downs, Brooke was by Teri's side when she died in 2012, a loving daughter until the end. Only Brooke knows the truth of the remarkable, difficult, complicated woman who was her mother. And now, in an honest, open memoir about her life growing up, Brooke will reveal stories and feelings that are relatable to anyone who has been a mother or daughter.
