Hitler's Foreign Executioners Aug 10 2020 Reveals for the first time Heinrich Himmler's master plan for Europe: an SS empire that would have no place for either the Nazi Party or Adolf Hitler. His astonishingly ambitious plan depended on the recruitment of tens of thousands of 'Germanic' peoples to build an 'SS Europa'. Himmler fervently believed that over many centuries, 'Germanic' blood had been 'seeded' in every corner of Europe and even parts of Asia. This book, researched in archives all over Europe and using first-hand testimony, exposes Europe's dirty secret: that nearly half a million Europeans and more than a million Soviet citizens enlisted in the armed forces of the Third Reich - to fight a crusade against 'Jewish-Bolshevism'. No other historian has examined the connections between these SS 'foreign legions' (both police and Waffen-SS) and the Holocaust. Even today, some apologists claim that the foreign volunteers were merely soldiers 'like any other' and fought a decent war against Stalin's Red Army. Christopher Hale demonstrates conclusively that these surprisingly common views are mistaken. And as the Reich collapsed in 1944, Himmler's monstrous scheme would lead to bitter confrontations with Hitler - and the downfall of the man once known as 'loyal Heinrich'.

The Nazi Genocide of the Roma Jul 29 2019 Using the framework of genocide, this volume analyzes the patterns of persecution of the Roma in Nazi-dominated Europe. Detailed case studies of France, Austria, Romania, Croatia, Ukraine, and Russia generate a critical mass of evidence that indicates criminal intent on the part of the Nazi regime to destroy the Roma as a distinct group. Other chapters examine the failure of the West German State to deliver justice, the Romani collective memory of the genocide, and the current political and historical debates. As this revealing volume shows, however inconsistent or geographically limited, over time, the mass murder acquired a systematic character and came to include ever larger segments of the Romani population regardless of the social status of individual members of the community.

Shah of Shahs Mar 17 2021 In *Shah of Shahs* Kapuscinski brings a mythographer's perspective and a novelist's virtuosity to bear on the overthrow of the last Shah of Iran, one of the most infamous of the United States' client-dictators, who resolved to transform his country into "a second America in a generation," only to be toppled virtually overnight. From his vantage point at the break-up of the old regime, Kapuscinski gives us a compelling history of conspiracy, repression, fanaticism, and revolution. Translated from the Polish by William R. Brand and Katarzyna Mroczkowska-Brand.

Karaite Anthology Jan 15 2021 The Karaites, a small Jewish sect that arose twelve centuries ago and still exists today, was at one time the most outspoken and productive schismatic division in Judaism. The Karaites contributed much to the Jewish literature of the Middle Ages, for they developed their own corpus of theological dogmas, liturgy, juristic exegesis, metaphysical concepts, secular poetry, apologetics, and sermons. This anthology—the first of its kind in any language of the West—provides excerpts from the early Karaite literature (down to about the year 1500) representing the full range of their thought and belief. All extracts have been translated directly from Arabic, Aramaic, and Hebrew original sources. "This book marks the first attempt in any language to present a chronological exposition of seven centuries of evolution of this interesting Jewish sect through a selection of excerpts from the writings of its spokesmen. . . . [A] pioneering achievement."—Zvi Ankori, *Jewish Social Studies* "Will be of real interest. . . to historians of religion, sociologists of religion, students of Judaism, Talmudic scholars, students of comparative religious law, and scholars interested in the relation between Islam and Judaism in the Middle Ages."—Maurice S. Friedman, *The Journal of Religion* "The book is an important addition to Karaite literature in English."—Isis "The texts are wisely chosen, carefully edited, and supplied with copious notes. An excellent introduction to each writer is given. The book is successful from every point of view."—Edward Robertson, *The Royal Asiatic Society* "The commentaries of [the] scholars. . . are important additions to Jewish scholarly research."—*Jewish News*

SWEDISH CATALOGUE Nov 05 2022

Theological Diversity and the Authority of the Old Testament Jun 07 2020 In this book John Goldingay examines how the diverse viewpoints reflected in the Old Testament may be acknowledged, interrelated, and allowed to function theologically. In doing so he analyzes as well as synthesizes, treating both the biblical text and scholarly interpretations of it. Book jacket.

Regierungsblatt für das Königreich Bayern Dec 02 2019

The Karaites of Galicia Dec 26 2021 The book focuses on the history, ethnography, and convoluted ethnic identity of the Karaites, an ethnoreligious group in Eastern Galicia (modern Ukraine). The small community of the Karaite Jews, a non-Talmudic Turkic-speaking minority, who had been living in Eastern Europe since the late Middle Ages, developed a unique ethnographic culture and religious tradition. The book offers the first comprehensive study of the Galician Karaite community from its earliest days until today with the main emphasis placed on the period from 1772 until 1945. Especially important is the analysis of the twentieth-century dejudaization (or Turkicization) of the community, which saved the Karaites from the horrors of the Holocaust.
