Religions of Asia Today Apr 26 2022 Ideal for courses in Asian or Eastern religions, *Religions of Asia Today, Fourth Edition*, covers the same material contained in the authors' longer textbook, *World Religions Today, Sixth Edition*, while also featuring a unique chapter on Islam in Asia. Revealing the significance of religion in contemporary life, it explores Hinduism, Buddhism, South Asian religions, East Asian religions, indigenous religions, and new religions as dynamic, ongoing forces in the lives of individuals and in the collective experience of modern societies. This unique volume accomplishes two goals: it connects today's religions to their classical beliefs and practices and focuses on how these religions have both radically changed the modern world and been changed by it. Thoroughly revised, the fourth edition features streamlined content for greater accessibility; updated material on recent world events; and updated timelines.
