Making Money with Option Strategies Jun 24 2019 *Making Money With Option Strategies* is a practical, down-to-earth guide that introduces and fully explains an action plan to reduce risk in any stock portfolio. There are many options books available already, and they fall into two major categories: basic primers limited to explaining the terminology and market of options; and more advanced books discussing theory and pricing models of options. None of these books addresses the largest audience of all—those who know the basics but are not interested in theories and pricing models. They want clear, practical ways to apply these principles to make money and reduce their risks. *Making Money With Option Strategies* is designed for this market. Michael has traded options since the mid-1970s and is the best-selling options author in the United States. His best-selling *Getting Started in Options*, a beginner's book now in its ninth edition, has sold more than 300,000 copies since 1986. Many people view options as exotic, complex, and high-risk beasts. They are not. If your portfolio risk keeps you up at night, adding carefully designed option strategies to hedge risks will help you get a good night's sleep.

It covers important topics, such as analyzing markets, financing your projects, purchasing rental property, managing a real estate portfolio, finding new ways to invest, and understanding wholesale markets. It also reveals some of the most overlooked opportunities in the real estate market, including Section 8 rentals, wholesaling properties, and selling houses on a rent-to-own basis.

Serious Money Apr 14 2021 'A latter-day Canterbury Tales ... Serious Money has a serious mission' The Times 'Eye-opening ... part guide, part indictment of a yawning wealth gap' Misha Glenny, Financial Times 'A wonderful and vital account of a city ruled by, and for, extreme wealth' Anna Minton, author of *Big Capital* London is a plutocrat's paradise, with more resident billionaires than New York, Hong Kong or Moscow. Far from trickling down, their wealth is burning up the environment and swallowing up the city. But what do we really know about London's super rich, and the lives they lead? To find out more about this secretive, security-heavy elite, sociologist Caroline Knowles walks the streets of London from the City to suburban Surrey, via Kensington, Notting Hill, Mayfair and elsewhere. Her walks reveal how the wealthy shape the capital in their image, creating a new world of gated communities and luxury developments. A move behind closed doors takes us ever further into the dark heart of the plutocratic city, from multimillion-pound mansions to high-end hotels and gentlemen's clubs. Along the way we meet a wide and wickedly entertaining cast of millionaires, billionaires and those who serve them: bankers, aristocrats, tech tycoons, Conservative party donors, butlers, bodyguards, divorce lawyers and many, many more. By turns jaw-dropping, enraging and enlightening, *Serious Money* explodes the fiction that wealth is a condition to aspire to, revealing the isolation and paranoia which accompany it when the plutocrat's recompense - a life of unlimited luxury - ultimately proves hollow. It is a powerful reminder that it is not just the super-rich who get to make the city: we make it too, and could demand something different. Because serious money is good for no one - not even the rich. 'An eye-opening, deeply disturbing, fast-moving journey through the lives, homes and affairs of the filthy rich of London' Danny Dorling, author of *All That Is Solid* 'Fascinating, punchy, thought-provoking' Frances O'Grady
