Therapy with Single Parents Dec 23 2021 Provide effective counseling to members of single-parent families With more than half of all first marriages ending in divorce, it's time to re-think the notion that "divorce" means "failure." Therapy with Single Parents focuses on the strengths of the single-parent family rather than its weaknesses, stressing the need to look at the socially constructed norms, values, and definitions associated with marriage and family in order to provide effective counseling. This unique book examines experiences that are common to single parents and presents interventive strategies for treating single-parent family issues, drawing on clinical case studies to provide technical knowledge in everyday language. Current research shows that single parents account for 27 percent of family households that include children under 18 and that the number of single mothers in the United States more than tripled between 1970 and 2000. Therapy with Single Parents challenges outdated notions that the single-parent family is somehow deficient and associated with adjustment problems in children. It doesn't ignore the anger, pain, sadness, and guilt experienced by many members of single parent families but offers therapeutic considerations from a more balanced approach. The book examines the social, psychological, and sexual experiences of newly single parents and addresses the ups and downs they'll face in dealing with schools, the workplace, and social services. Therapy with Single Parents examines: social and psychological differences between divorce and widowhood cognitive-behavioral principles of single-parent families what children can learn from divorce dealing with the ghosts of past relationships relationship rules dealing with adult children and extended families the effect of change in divorcing families the feminization of poverty the therapeutic value of social networks Therapy with Single Parents is an invaluable resource for psychologists, professional counselors, social workers, and marriage and family therapists. The book presents a thorough, in-depth examination of the single-parent family system as a viable, healthy family form.

A Complete Guide for Single Dads Jun 24 2019 Provides advice for men raising children on their own about legal issues, helping children adjust, former spouses, widowers, work issues, child care, stress, child health, nutrition, discipline, and dealing with sons and with daughters.

Single Parenting That Works Nov 09 2020 Discusses ways in which single parents can cultivate mature healthy relationships with their former partners to raise well-adjusted children.

In Praise of Single Parents Apr 14 2021 A frank and compassionate look at all that it means for mothers and fathers to raise children alone.

In Defense of Single-Parent Families Apr 26 2022 Single-parent families succeed. Within these families children thrive, develop, and grow, just as they do in a variety of family structures. Tragically, they must do so in the face of powerful legal and social stigma that works to undermine them. As Nancy E. Dowd argues in this bold and original book, the justifications for stigmatizing single-parent families are founded largely on myths, myths used to rationalize harshly punitive social policies. Children, in increasing numbers, bear the brunt of those policies. In this generation, more than two-thirds of all children will spend some time in a single-parent family before reaching age 18. The damage done in the name of justified stigma, therefore, harms a great many children. Dowd details the primary justifications for stigmatizing single-parent families, marshalling an impressive array of resources about single parents that portray a very different picture of these families. She describes them in all their forms, with particular attention to the differential treatment given never-married and divorced single parents, and to the impact of gender, race, and class. Emphasizing that all families face significant conflicts between work and family responsibilities, Dowd argues many two-parent families, in fact, function as single-parent caregiving households. The success or failure of families, she contends, has little to do with form. Many of the problems faced by single-parent families mirror problems faced by all families. Illustrating the harmful impact of current laws concerning divorce, welfare, and employment, Dowd makes a powerful case for centering policy around the welfare and equality of all children. A thought-provoking examination of the stereotypes, realities and possibilities of single-parent families, *In Defense of Single-Parent Families* asks us to consider the true purpose or goal of a family.

Unbroken Homes Jan 24 2022 Explore the real-life triumphs and tragedies of single-parent mothers! *Unbroken Homes* is a "story quilt" of personal narratives constructed from in-depth, case study interviews of five single-parent mothers. The book chronicles their journeys as mothers, daughters, and women, in relationships and in solitude, displaying their stories in their own words like the squares of a multicolored quilt. *Unbroken Homes* breaks through the stigma associated with "broken homes" and provides a new perspective on the reorganization of American families. *Unbroken Homes* encourages you to rethink some damaging stereotypical assumptions about children from single-mother headed homes. Drawing information from family research, counseling, and a cross-section of social sciences, this book is pertinent to any professional who works with single parents or their children. *Unbroken Homes* does not deal with what is "typical" in the single-parenting experience, nor does it give advice or proselytize. Rather, its purpose is to discover the meaning that single-parent mothers bring to their own lives, helping you to understand the dynamics of single-parent families from a uniquely personal perspective. In *Unbroken Homes* you will witness the ways that these women: experience the ill effects of gender role socialization work to overcome stigma redefine ideals for family life and gender expectations balance responsibilities in and outside of their homes stretch finances to meet the needs of their families regain strength and self-confidence encourage their children's development affirm the strength of their families cope with depression develop networks of support This intensely personal collection of women's stories and reflections is a must read for everyone who seeks a better understanding of divorce, single-parenting, and being alone, from an insider's perspective.

Single Parents Can Be Proud Parents Oct 09 2020 *Single Parents Can Be Proud Parents*—My Story to His Glory---Our children are God's gifts to us. As

parents, we must cultivate, nurture, and treasure them, as well as make them feel appreciated and loved. Many single parents often look at single parenting as a task too large to undertake, and rightfully so, if they try to do it on their own. Through her simple yet inspiring words, Dr. Shaw encourages you in *Single Parents Can Be Proud Parents—My Story to His Glory*, that when facing challenges, you can still be the proud and successful parent that God has called you to be. When you place your total confidence and trust in the Almighty God, He will lead you every step of the way.

Impact of Divorce, Single Parenting and Stepparenting on Children Nov 29 2019 This book, a result of a conference sponsored by the National Institute of Child Health and Human Development, explores developmental and clinical evidence of how divorce, and the transition to single parenting and stepparenting affects children. Many of the articles collected here look at the legal measures being used to make such transitions easier for families.

A Single Mother Oct 01 2022 Are you looking for a single parent guide written by an author who understand and shares your experience? Are you a single mother by choice? Are you looking for single mother assistance or single mother help? Would you like to learn about single motherhood? Does it seem difficult being a single parent in general? If you are able to answer yes to any of the above questions regarding single parenthood then "A Single Mother, A Few Perspectives...And anyone else that is a Single Parent" is the book for you. This incredible self-help book uses valuable strategies to assist single parents in maximizing their time, energy, and resources so they can make the most of their lives for themselves and their children. An excellent parent education manual!

Growing Up with a Single Parent Nov 02 2022 Nonwhite and white, rich and poor, born to an unwed mother or weathering divorce, over half of all children in the current generation will live in a single-parent family--and these children simply will not fare as well as their peers who live with both parents. This is the clear and urgent message of this powerful book. Based on four national surveys and drawing on more than a decade of research, *Growing Up with a Single Parent* sharply demonstrates the connection between family structure and a child's prospects for success. What are the chances that the child of a single parent will graduate from high school, go on to college, find and keep a job? Will she become a teenage mother? Will he be out of school and out of work? These are the questions the authors pursue across the spectrum of race, gender, and class. Children whose parents live apart, the authors find, are twice as likely to drop out of high school as those in two-parent families, one and a half times as likely to be idle in young adulthood, twice as likely to become single parents themselves. This study shows how divorce--particularly an attendant drop in income, parental involvement, and access to community resources--diminishes children's chances for well-being. The authors provide answers to other practical questions that many single parents may ask: Does the gender of the child or the custodial parent affect these outcomes? Does having a stepparent, a grandmother, or a nonmarital partner in the household help or hurt? Do children who stay in the same community after divorce fare better? Their data reveal that some of the advantages often associated with being white are really a function of family structure, and that some of the advantages associated with having educated parents evaporate when those parents separate. In a concluding chapter, McLanahan and Sandefur offer clear recommendations for rethinking our current policies. Single parents are here to stay, and their worsening situation is tearing at the fabric of our society. It is imperative, the authors show, that we shift more of the costs of raising children from mothers to fathers and from parents to society at large. Likewise, we must develop universal assistance programs that benefit low-income two-parent families as well as single mothers. Startling in its findings and trenchant in its analysis, *Growing Up with a Single Parent* will serve to inform both the personal decisions and governmental policies that affect our children's--and our nation's--future.

Children Book: One, Two, Family Jul 26 2019 *One, Two, Family* is a children's book also suitable for toddlers. It tells the story of one family comprising of a mother, a girl and a boy. This particular family is very much like most, in which more often than not there are two parents and one or more children, but it differs from most in that this is a single parent family. Michal Keidar is a clinical social worker and a single mother to Ella and Iddo. Nurit Yuval is an Illustrator and editor, whose pen and brush have produced many books for children and youth. She is married, a mother and a grandmother.

Single Parents Nov 21 2021 If you are a single parent, you already know you have one of the hardest jobs in the world. Trying to be both dad and mom--breadwinner, cook, chauffeur, comforter, dishwasher, homework helper, disciplinarian, nurse, and role model--can wear down the hardest man or woman. But do you know that God, in the Bible, offers words of grace, power, and hope especially for you? Robert D. Jones addresses the many different issues that single parents struggle with--guilt, bad memories, anger, bitterness, resentment, loss, grief, and fear. Then he shares biblical truths and practical parenting strategies that will give you hope and direction for each day.

Positive Discipline for Single Parents Mar 26 2022 With the high rate of divorce, children are more likely than ever before to be raised by a single parent. Now, from the author of *Positive Discipline*, here is the definitive book for single parents to raising responsible, respectful children.

The Single Dad's Survival Guide Jul 18 2021 You May Be Single, But You're Not Alone. Being a great dad is challenging enough when you're part of a two-person team. But now you're raising your kids single-handedly. How can you provide the emotional, physical, and spiritual support your children need, cover all the details of running a household, and still earn a living to support your family? Being a solo dad could easily be the toughest job of your life. The good news is you're not alone. Inside this book you'll find the support, advice, and encouragement you need to succeed. Here are practical solutions for everything you're facing--from conflicting emotions to day-to-day time management. You'll find useful pointers on a daughter's unique needs, a son's inner struggles, and even how to recruit trusted friends to pitch in. With plenty of humor and real-world insight, *The Single Dad's Survival Guide* will show you how to expand on your natural, built-in abilities so you can come out on top as a parenting team of one. • Find logistical help on everyday challenges, including finances, family schedules, household management, and staying on top of your work. • Take advantage of practical guidance on everything from supporting and nurturing your kids to protecting your own emotional health. • Learn how to get past anger, hurt, and fatigue to stand strong as the man your children need most--a man who provides security, stability, and spiritual guidance during one of the toughest times in their life. It's all here to help you succeed as a solo dad. Single parenting takes everything you've got--so learn how to give it your all.

Single Parents and Their Children Jul 06 2020 "Single Parents and Their Children" is a myth-busting, consciousness-raising collection of articles that defies all of the stereotypes that diminish and degrade single-parent families. Drawing from scientific research, Dr. Bella DePaulo shows that the dire predictions about the fate of the children of single parents are grossly exaggerated or just plain wrong. What's more, there are ways in which the children of single parents are doing better than everyone else. That's the good news no one ever tells you. Professor DePaulo has been described by *Atlantic* magazine as "America's foremost thinker and writer on the single experience." This book includes more than a dozen of her most influential writings on single parents and their children. Essays inspired by the daughter of a single mother and guest articles by independent parent Tricia Parker are also featured. Bella DePaulo's articles originally appeared in her popular "Living Single" blog at *Psychology Today* and her "Single at Heart" blog at *PsychCentral*, as well as in the *Guardian*.

The Single Parent Feb 22 2022 Whether you became a single parent through divorce, death, adoption, or some other situation, you've probably wondered what the future holds for you and your children. Will you be able to provide the emotional, financial, and spiritual support your family needs? *The Single Parent* will encourage you in your journey and help avert problems before they arise. It is filled with wise counsel, biblical truth, and real-life stories--the author's own as well as those of the many single moms and dads who have come across her path through the years. It will help you bolster your abilities in such areas as · improving your child's behavior · negotiating boundaries · graciously seeking and accepting help from others · trusting God in the process God cares for the single parent and will provide for you and your children. Let this book give you the tools you need as you walk with him in this journey.

An Excellent Choice Aug 07 2020 From the author of *She Left Me The Gun*, an explosive and hilarious memoir about the exceptional and life-changing decision to conceive a child on one's own via assisted reproduction When British journalist, memoirist, and New York-transplant Emma Brockes decides to become pregnant, she quickly realizes that, being single, 37, and in the early stages of a same-sex relationship, she's going to have to be untraditional about it. From the moment she decides to stop "futzing" around, have her eggs counted, and "get cracking"; through multiple trials of IUI, which she is intrigued to learn can be purchased in bulk packages, just like Costco; to the births of her twins, which her girlfriend gamely documents with her iPhone and selfie-stick, Brockes is never any less than bluntly and bracingly honest about her extraordinary journey to motherhood. She quizzes her friends on the pros and cons of personally knowing one's sperm donor, grapples with esoteric medical jargon and the existential brain-melt of flipping through donor catalogues and conjures with the politics of her Libertarian OB/GYN—all the while exploring the cultural circumstances and choices that have brought her to this point. Brockes writes with charming self-effacing humor about being a British woman undergoing fertility treatment in the US, poking fun at the starkly different attitude of Americans. Anxious that biological children might not be possible, she wonders, should she resent society for how it regards and treats women who try and fail to have children? Brockes deftly uses her own story to examine how and why an increasing number of women are using fertility treatments in order to become parents—and are doing it solo. Bringing the reader every step of the way with mordant wit and remarkable candor, Brockes shares the frustrations, embarrassments, surprises, and, finally, joys of her momentous and excellent choice.

The 10 Best Decisions a Single Mom Can Make Oct 28 2019 No matter how you became a single mom, you share the same challenges and fears all single moms have. You may feel stretched to the limit. You may suspect your children need more than you're able to give. How are you going to do this on your own? With humor, Scripture, and sage advice, Pam Farrel (child of a single mother) and PeggySue Wells (single parent of 7 children) show you how to - be decisive - create a nurturing home - be proactive - date wisely - pray for your child - embrace your happily-ever-after - and more You are capable of parenting your children with courage, confidence, and clarity. This loving, practical guide shows you how.

A Child Called It Mar 02 2020 An autobiographical account that tells the story of a child's abuse at the hands of his alcoholic mother.

Single Adoptive Parents Jun 16 2021 Sherry and Lee are the experts in the area of single parent adoption. They have studied the issue intensely, listened to both adoptees and parents, and most importantly they have lived it. This is an important book for all those impacted by single parent adoption. --Betsy Burch, Founder & Former Dir. of S.P.A.C.E. (Single Parent Adoption of Children Everywhere) "Whether you are a single parent who has adopted or is contemplating adopting, *Single Adoptive Parents: Our Stories*, is a wonderful resource. Single parents, in their own words, discuss their decision to adopt, and share the joys and the challenges of parenting." --Jane Mattes, LCSW. Director, Single Mothers by Choice "Single Adoptive Parents: Our Stories, is compelling and insightful. It fills a niche and a need for the people whom the title describes (as well as anyone connected to them), to be sure, but I also recommend this important book to anyone who cares about family issues - or simply wants to better understand the changing world around them." --Adam Pertman, Executive Director, Evan B. Donaldson Adoption Institute "Lee Varon and Sherry Fine have been helping the world of adoption for years with their books and videotapes about the joys and challenges of single parenthood in adoption. "Most of the two-parent families that we see have enough challenges and require a repertoire of skills in order to parent children who have suffered loss, trauma and neglect, but for a single parent the need for multitasking and a strong support network is even more of a requirement. "Sherry and Lee are part of that support network, and I rarely see a single parent adoptive family that I don't recommend their books and tapes to! This newest book is another major resource." --Dr. Joyce Maguire Pavao, CEO and Founder, Center For Family Connections

Single Parents Families May 04 2020 Maybe you've heard the statistics about children growing up in single-parent families. According to a lot of the research, these kids are more likely to struggle in school, have difficulties with the law, and deal with drug and alcohol abuse-along with other problems. But does growing up with a single parent have to mean these things will happen? Are these children going to lead worse lives than those with two parents? This book tells the stories of several single-parent families, their struggles, and the things they have learned from their situations. These families are not concerned with the statistics, but with making their families and themselves the best they can be.

The Kickass Single Mom Oct 21 2021 When Emma Johnson's marriage ended she found herself broke, pregnant, and alone with a toddler. Searching for the advice she needed to navigate her new life as a single professional woman and parent, she discovered there was very little sage wisdom available. In response, Johnson launched the popular blog Wealthysinglemommy.com to speak to other women who, like herself, wanted to not just survive but thrive as single moms. Now, in this complete guide to single motherhood, Johnson guides women in confronting the naysayers in their lives (and in their own minds) to build a thriving career, achieve financial security, and to reignite their romantic life—all while being a kickass parent to their kids. The Kickass Single Mom shows readers how to: • Build a new life that is entirely on their own terms. • Find the time to devote to health, hobbies, friendships, faith, community and travel. • Be a joyful, present and fun mom, and proud role model to your kids. Full of practical advice and inspiration from Emma's life, as well as other successful single moms, this is a must-have resource for any single mom.

Single Parent Families May 28 2022 Here is a comprehensive source of vital information on single parent families in contemporary society. This book analyzes literature and empirical research concerning single parent families and explores issues and challenges they face. Contributing authors from many fields and perspectives examine a broad range of subjects relating to families in which one person is primarily responsible for parenting. The only state-of-the-art compendium on the topic of single parent families available today, the book synthesizes empirical, theoretical, and contemporary literature about the diversity, myths, and realities of single parent families in western countries. Each chapter contains a demographic overview, definitions, a literature review, and implications for practice, research, education, and social policy. Theoretical and conceptual perspectives related to parenting and wider families are included. An analysis, synthesis, and commentary on single parent families concludes the volume. Themes highlighted throughout the book include socioeconomic and demographic characteristics of single parent families, cultural and ethnic features, and legal and ethical components. Some chapter topics include: single parenthood following divorce single parenthood following death of a spouse never married teen mothers and fathers female-headed homeless families adoptions by single parents noncustodial mothers and fathers grandparents as primary parents single parents of children with disabilities Single Parent Families contains additional resources useful for family professionals: an annotated bibliography, a video/filmography, and a national community resource list. The book is intended for a multidisciplinary audience, including sociologists, psychologists, health care professionals, social workers, therapists, and other researchers, clinicians, policymakers, and educators. An ideal primary or reference text for undergraduate and graduate level programs, the book can also serve as a tool for staff development and continuing education in service agencies.

The Triple Bind of Single-Parent Families Jun 28 2022 Available Open Access under CC-BY-NC licence. This book presents evidence from over 40 countries that shows how single parents face a triple bind of inadequate resources, employment and policies, which in combination further complicate their lives.

Raising Boys without Men Jun 04 2020 Nominated for a Books for a Better Life Award in Parenting Backed by peer-reviewed research, this hotly debated bestseller (San Francisco Chronicle) continues to open eyes with its finding that raising thriving, emotionally healthy sons does not require a man in the house. As the number of single-mom and two-mom households has grown, so have concerns about the possible damage caused by the lack of a stable male role model in the house. Determined to find the truth, research psychologist Peggy Drexler embarked on a long-term study comparing boys raised in nontraditional families with those whose fathers were present throughout their childhood. The results were startling. Female-headed households can provide even better parenting for boys than households with men. Sons from female-headed families can grow up emotionally stronger and more well-rounded than boys from "traditional" mother-father families—more in touch with their feelings yet masculine in all the ways defined by our culture.

Single Parenting For Dummies May 16 2021 Welcome to the wild, wonderful world of single parenting—one of the toughest, most thankless jobs in Universe. The good news is that you're not alone. Over the last decade the ranks of single parents has swelled to a whopping ten million in the United States alone, forcing business and government to accommodate more of your needs. Also, society's perceptions of single parents have changed. It's now perfectly acceptable, even admirable to be a single mom or dad. Still, unless you're independently wealthy and have nothing to do but work at being a perfect parent, you can use all the help you can get in making single parenting work for you and your kids. Single Parenting For Dummies to the rescue! Whether you're already a single parent or soon to become one, this warm, friendly guide will be a source of encouragement and ideas. Packed with proven solutions to most of the challenges single parents face, it show you how to: Balance work and family life Develop strong relationships with your kids Help kids adjust to the trauma of divorce Manage your time—and money Develop a successful co-parenting plan Deal with dating and remarriage Raise happy, healthy well-adjusted kids Know when to seek professional help and how to find it Drawing upon their own experiences and expertise and the experiences of single parents whose stories they share throughout the book, psychotherapist Marion Peterson and bestselling self-help author Diane Warner, cover all the bases, including: Adjusting to single parent status

Managing your time and sharing resources with other single parents Avoiding the five biggest single parent money mistakes Keeping close to your kids and considering their point of view Developing a co-parenting plan and making sure all parties stick to it Dealing peacefully with stepparents and former in-laws Keeping your cool when resolving parenting problems Staying physically and psychologically fit Yes, you can raise happy, healthy well-adjusted kids while keeping your sanity and your health in tact, and now *Single Parenting For Dummies* shows you how.

Single Parents Families Aug 26 2019 Maybe you've heard the statistics about children growing up in single-parent families. According to a lot of the research, these kids are more likely to struggle in school, have difficulties with the law, and deal with drug and alcohol abuse-along with other problems. But does growing up with a single parent have to mean these things will happen? Are these children going to lead worse lives than those with two parents? This book tells the stories of several single-parent families, their struggles, and the things they have learned from their situations. These families are not concerned with the statistics, but with making their families and themselves the best they can be.

Unequal Family Lives Feb 10 2021 This volume explores the causes and consequences of family inequality in the United States, Europe, and Latin America.

Doing It All as a Solo Parent (HBR Working Parents Series) Dec 11 2020 You're only one person—but you're not alone. As a single parent, you know your life is different from the other working parents around you. With the pressure to perform well at work and no partner to assist with tasks at home (let alone major crises), you likely find yourself pulled in all directions, with many responsibilities and little support. *Doing It All as a Solo Parent* offers you the help you need to lighten the load. Drawing on the wisdom of experts and parents alike, it provides practical tips and advice tailored to your unique challenges as a solo parent. Whether you're single, widowed, or have a partner who is unable to help, you'll discover how to do it all—with less stress. You'll learn to: Create a support system of family and friends Make time spent with your children more meaningful Shape a long-term career despite short-term demands Build a childcare backup bench Carve out time for yourself The HBR Working Parents Series provides support as you anticipate challenges, learn how to advocate for yourself more effectively, juggle your impossible schedule, and find fulfillment at home and at work. Whether you're up with a newborn or planning the future with your teen, you'll find the practical tips, strategies, and research you need to make working parenthood work for you.

Help and Hope for the Single Parent Mar 14 2021 If you miss grown-up conversations—or cuddling with someone other than your toddler—this book is for you. Single parents have the toughest job in the world. The obstacles can feel overwhelming, and 24 hours in a day never seems to be enough time to take care of children, home, and all the other items on an endless to-do list. It's exhausting! Add to the exhaustion feelings of vulnerability and loneliness, thoughts of never having a mate, the fear of the future for children left with no father or mother, and the lack of personal time—and it can just seem too much. No doubt being a single parent is very difficult, but there is also hope and joy that comes in this season. Dr. Evans gives you the encouraging reminder that you are not alone! God can—and will—help you live a satisfying life and succeed in parenting. There is hope and help for the single parent; discover it today.

Single Parents Jul 30 2022 This edited volume addresses how single mothers and fathers are represented in novels, self-help literature, daily newspapers, film and television, as well as within their own narratives in interviews on social media. With proportions varying between countries, the number of single parents has been increasing steadily since the 1970s in the Western world. Contributions to this volume analyse how various societies respond to these parents and family forms. Through a range of materials, methodologies and national perspectives, chapters make up three sections to cover single mothers, single fathers and solo mothers (single women who became parents through assisted reproductive technologies). The authors reveal that single parenthood is divided along the lines of gender and socioeconomic status, with age, sexuality and the reason for being a single parent coming into play. Chapter 11 is available open access under a Creative Commons Attribution 4.0 International License via link.springer.com.

Operating Instructions Apr 02 2020 With the same brilliant combination of humor and warmth she brought to bestseller *Bird by Bird*, Anne Lamott gives us a smart, funny, and comforting chronicle of single motherhood. It's not like she's the only woman to ever have a baby. At thirty-five. On her own. But Anne Lamott makes it all fresh in her now-classic account of how she and her son and numerous friends and neighbors and some strangers survived and thrived in that all important first year. From finding out that her baby is a boy (and getting used to the idea) to finding out that her best friend and greatest supporter Pam will die of cancer (and not getting used to that idea), with a generous amount of wit and faith (but very little piousness), Lamott narrates the great and small events that make up a woman's life. "Lamott has a conversational style that perfectly conveys her friendly, self-deprecating humor." -- Los Angeles Times Book Review "Lamott is a wonderfully lithe writer Anyone who has ever had a hard time facing a perfectly ordinary day will identify." -- Chicago Tribune

The Church and the Single Mom Sep 07 2020 When 19-year-old Jennifer Maggio found herself pregnant...for the fourth time...she was completely lost-lost in a tragedy wrought by years of sexual abuse, homelessness, and poverty. What she didn't know at the time was that she was the main character in a story that God would one day use to inspire, encourage, and challenge thousands of people just like her...and some whose stories were very different from hers. From that deep valley Jennifer rose to the summit of Corporate America-only to leave it all behind to minister to single moms. In *The Church and the Single Mom* Jennifer provides a road map for those who, like her, look out at the nearly 17 million single moms in the U.S. alone, many of whom are drowning in financial struggles, parenting woes, and emotional.

Dating and the Single Parent Aug 31 2022 Trustworthy Stepfamily Expert Offers Single Parents a Guide to Dating Single parents who are dating or want to begin a dating relationship wonder, How will dating affect my children and my parenting? They probably have figured out that "dating in a crowd" is complicated. Now they're looking for help.
