**My First Book of Houseplants** Jul 29 2019 Introducing Terra Babies at Home, a new board book series that presents plants, animals, and the environment to early readers from the intimacy of their home and helps them connect to the natural world. My First Book of Houseplants is a beautiful introduction to the world of houseplants for babies and toddlers, helping them to develop a connection with the natural world. Like other titles in the earth-friendly series Terra Babies at Home, this book is made with FSC materials and nontoxic inks, and it is recyclable. Simple and quirky text pairs with charming art by Åsa Gilland (The Perfect Shelter) in this book where future nature lovers will learn about houseplants in a friendly and easy way while being introduced to basic concepts of plant care and the environment. "The spider plant looks silly ... like it needs a haircut!" we read. "And the iron plant is very elegant"; readers will learn that some plants have beautiful flowers, like the peace lily, and others can make you smile, like the lucky bamboo. And that's not all: The book shows readers how to start their own houseplant project in seven easy steps!

Clear instructions for using the album and the Stamp Identifier Table are included, along with many useful hints and tips on building a collection. An entertaining, inexpensive way to learn about faraway people and places, stamp collecting brings a sense of excitement and adventure with each new acquisition. This book offers would-be collectors that ticket to discovery.

**Emerging Labor Market Institutions for the Twenty-First Century** Sep 10 2020 Private sector unionism is in decline in the United States. As a result, labor advocates, community groups, nongovernmental organizations, and individuals concerned with the well-being of workers have sought to develop alternative ways to represent workers' interests. *Emerging Labor Market Institutions for the Twenty-First Century* provides the first in-depth assessment of how effectively labor market institutions are responding to this drastically altered landscape. This important volume provides case studies of new labor market institutions and new directions for existing institutions. The contributors examine the behavior and impact of new organizations that have formed to solve workplace problems and to bolster the position of workers. They also document how unions employ new strategies to maintain their role in the economic system. While non-union institutions are unlikely to fill the gap left by the decline of unions, the findings suggest that emerging groups and unions might together improve some dimensions of worker

well-being. *Emerging Labor Market Institutions* is the story of workers and institutions in flux, searching for ways to represent labor in the new century.

**The Lectionary Commentary: Theological Exegesis for Sunday's Texts, The First Readings:** May 07 2020 Preaching pastors, ministers, and priests know how quickly Sundays come and go. Protecting time for study and theological reflection is an art not easily mastered. The fast pace of church life collides with the need to ground sermons in careful exegesis and extensive dialogue with biblical texts. "The Lectionary Commentary" will not slow the pace of the weekly calendar, but it will help assure that sermon preparation begins with a solid engagement with Scripture. This superb three-volume work offers exegetical essays on the biblical texts from the Revised Common Lectionary, Years A, B, and C. All the Sundays of the three-year cycle are included, as well as the texts for Christmas Day, Epiphany, and Ascension Day. This volume, "The First Readings: Old Testament and Acts," provides exegetical commentary on the lectionary readings from Genesis to Malachi, and from the first seventeen chapters of Acts. Also unique to this volume is an excellent essay on "Preaching as Worship" by Hughes Oliphant Old. The authors of "The Lectionary Commentary" are an ecumenical mix of respected pastors, priests, ministers, and teachers for whom exegesis for preaching is a vocational and personal interest. Some are preachers who value exegesis; others are exegetes who value preaching. All value the Revised Common Lectionary as a guide for good preaching. Designed to answer the question "What does the preacher need to know about this text in order to preach a faithful sermon from it?," the essay in each chapter closely considers its specific biblical text and provides theological reflection, all the while remaining alert to the contemporary context in which the sermon will be spoken and heard. These are not books of sermons. They leave homiletical work to the preacher, who is called to contextualize the gospel from biblical texts. Rather, these essays are meant to serve as exegetical "jump starts," giving preachers a firm place to stand in the text while at the same time stimulating the concerns they bring to sermon preparation. The result is an invaluable resource intended to aid in the difficult task of facilitating a meaningful encounter between Holy Scripture and our modern world. Consulting Editors: Richard A. Burridge Thomas W. Gillespie Colin E. Gunton Robert W. Jenson James F. Kay Hughes Oliphant Old Fleming Rutledge Marguerite Shuster

**First Five: Your Scientific Solution for a Successful First Impression** Jan 27 2022 Use verbal and full-body communication tactics to dissolve anxiety, convey confidence and make an impressive introduction. This illustrated book describes in laser-sharp detail battle-tested techniques for influencing others' perceptions of you. It gives you control over your own conscious and

subconscious communications and the capacity to take affirmative action towards creating a purposeful first impression. Imagine you have one small five-minute window to create a solid emotional ecosystem from which every subsequent interaction you have with a person will build. This ecosystem will subconsciously influence the progression of the relationship, the ease of rapport, and whether you will be able to meet the outcomes and expectations you have for each other. This book curates numerous academic articles and advice from the field of behavioral science, hypnosis, and linguistics to create a functional step-by-step guide full of hands-on, practical solutions to problems you may encounter during a first meeting. It covers everything from ways of managing and defusing your own stress and social anxiety, to ways of responding to aggression in others. This book contains information such as: \* Building and communicating confidence \* Setting SMARTER Spectral Goals \* Dissolving discomfort and minimizing anxiety \* Making introductions \* Helpful handshake hints \* Building rapport through isopraxism and linguistic techniques \* Movement, gestures, and body language \* How to analyse communications to find the hidden meaning and personality differences \* Establishing the correct emotional environment \* Having the resiliency needed to overcome failure \* Cementing long-term connections

Importantly, this book is also illustrated so that we don't just tell you, but also show you the techniques needed to master the perfect first impression. We wanted this book to cover first impression optimisation from a number of different angles so you can choose the correct technique for each individual situation you encounter. After all, sometimes you might want to give off a dominant, confident impression, but sometimes this won't work for the situation. We've outlined the techniques in a short, digestible form and provided insight into some potential scenarios where this tool should and shouldn't be applied. Understanding the different techniques and tools is one thing, but understanding how to apply them is another. Once you have the right tools in your toolbox you can apply these techniques to all subsequent encounters, and develop upon them as you see fit.

**My First Book of Dinosaur Comparisons** Jul 01 2022 My First Book of Dinosaur Comparisons is the perfect gift for dinosaur-loving kids aged 5 and up. **A First Course in Statistical Methods** Jun 27 2019 A FIRST COURSE IN STATISTICAL METHODS addresses a pressing need in the methods course—a shorter text designed for a one-term course. By selecting and revising material from their best-selling two-semester text, AN INTRODUCTION TO STATISTICAL METHODS AND DATA ANALYSIS, Fifth Edition, the authors created an ideal book for a one-term course in statistical methods. Based on the belief that statistics is a thought process tied to the scientific method, the text utilizes a 5-step approach: 1) defining the problem, 2) collecting data, 3) summarizing data,

4) analyzing and interpreting the data, and 5) communicating the results of the analysis.

**A First-Rate Madness** Jul 09 2020 The New York Times bestseller “A glistening psychological history, faceted largely by the biographies of eight famous leaders . . .” —The Boston Globe “A provocative thesis . . . Ghaemi’s book deserves high marks for original thinking.” —The Washington Post “Provocative, fascinating.” —Salon.com Historians have long puzzled over the apparent mental instability of great and terrible leaders alike: Napoleon, Lincoln, Churchill, Hitler, and others. In *A First-Rate Madness*, Nassir Ghaemi, director of the Mood Disorders Program at Tufts Medical Center, offers a myth-shattering exploration of the powerful connections between mental illness and leadership and sets forth a controversial, compelling thesis: The very qualities that mark those with mood disorders also make for the best leaders in times of crisis. From the importance of Lincoln's "depressive realism" to the lackluster leadership of exceedingly sane men as Neville Chamberlain, *A First-Rate Madness* overturns many of our most cherished perceptions about greatness and the mind.

Knightingale Oct 24 2021 Evil has plagued this world since the dawn of creation seeking to gain control. One family was given supernatural abilities with the sole purpose of protecting the things in this world that evil must never take possession of. Samantha Nelson knew she was cursed. She didn't know that her unnatural ability of forcing the truth out of people was just the beginning of her curse until her family is murdered in a horrific home explosion. Six months later she finds herself face to face with a Knight Protector and her life is turned into utter chaos. When David received his assignment on his twentieth birthday he was told that his destiny would be entwined with a woman soon to be born and that his aging would be halted. Since the moment Samantha was born, David protected her from her enemies. As every Knight before him, he does so in the shadows. But David must face the facts that something even deadlier than her enemies is occurring. No matter how much he denies it, he is falling in love with her. When her enemies begin to discover ways around his protection and murder her family he is forced to make a decision of what is more important to him; his family or his assignment. All it takes is one warning sign of danger to convince him that he simply cannot live without Samantha and he takes a leap that will change their lives forever. Their only chance of survival is to discover what Samantha's destiny is and the journey leads them straight to the heart of the Knight family where they discover evil has infiltrated and it is up to them to stop the evil before it destroys the family and gains control of the very thing that God created the family to protect.

**Democracy, Expertise, and Academic Freedom** Apr 17 2021 A leading American legal scholar offers a surprising account of the incompleteness of prevailing theories of freedom of speech. Robert C. Post shows that the familiar understanding of the First Amendment, which stresses the “marketplace of ideas” and which holds that "everyone is entitled to an opinion," is inadequate to create and preserve the expert knowledge that is necessary for a modern democracy to thrive. For a modern society reliably to answer such questions as whether nicotine causes cancer, the free and open exchange of ideas must be complemented by standards of scientific competence and practice that are both hierarchical and judgmental. Post develops a theory of First Amendment rights that seeks to explain both the need for the free formation of public opinion and the need for the distribution and creation of expertise. Along the way he offers a new and useful account of constitutional doctrines of academic freedom. These doctrines depend both upon free expression and the necessity of the kinds of professional judgment that universities exercise when they grant or deny tenure, or that professional journals exercise when they accept or reject submissions.

**Making Faces** Feb 13 2021 This baby is happy. Can you make a happy face? Find the happy baby! **Monologues from Shakespeare's First Folio for Younger Men** Feb 02 2020 Curated from the Applause three-volume series, *Once More unto the Speech, Dear Friends*, edited by Neil Freeman, these monologue from Shakespeare's works are given new life and purpose for today's readers and actors alike. There are twelve titles in this series, which is divided into four categories: monologues for younger men, monologues for older men, monologues for women, and monologues for any gender, the latter being a unique feature since most monologue books are compiled for either men or women. Each book is presented in a smaller format that is more consistent with standard monologue books. Titles in the series: *Monologues from Shakespeare's First Folio for Any Gender: The Comedies* *Monologues from Shakespeare's First Folio for Any Gender: The Histories* *Monologues from Shakespeare's First Folio for Any Gender: The Tragedies* *Monologues from Shakespeare's First Folio for Women: The Comedies* *Monologues from Shakespeare's First Folio for Women: The Histories* *Monologues from Shakespeare's First Folio for Women: The Tragedies* *Monologues from Shakespeare's First Folio for Younger Men: The Comedies* *Monologues from Shakespeare's First Folio for Younger Men: The Histories* *Monologues from Shakespeare's First Folio for Younger Men: The Tragedies* *Monologues from Shakespeare's First Folio for Older Men: The Comedies* *Monologues from Shakespeare's First Folio for Older Men: The Histories* *Monologues from Shakespeare's First Folio for Older Men: The Tragedies*

Habeas for the Twenty-First Century Aug 10 2020 For centuries, the writ of habeas corpus has served as an important safeguard against miscarriages of justice, and today it remains at the center of some of the most contentious issues of our time—among them terrorism, immigration, crime, and the death penalty. Yet, in recent decades, habeas has been seriously abused. In this book, Nancy J. King and Joseph L. Hoffmann argue that habeas should be exercised with greater prudence. Through historical, empirical, and legal analysis, as well as illustrative case studies, the authors examine the current use of the writ in the United States and offer sound reform proposals to help ensure its ongoing vitality in today's justice system. Comprehensive and thoroughly grounded in a modern understanding of habeas corpus, this informative book will be an insightful read for legal scholars and anyone interested in the importance of habeas corpus for American government.

**First Time for Everything** Dec 02 2019 A “hilarious, tender, raw, and heart-stoppingly moving” (Amanda Eyre Ward) debut

about a down-on-his-luck gay man working out how he fits into the world, making up for lost time, and opening himself up to life's possibilities "Fry brings a refreshing voice to the queer coming-of-age novel with characters whose stories don't revolve around trauma. Instead, everyday experiences are portrayed with drama and delight."—The Washington Post (New & Noteworthy) Danny Scudd is absolutely fine. He always dreamed of escaping the small-town life of his parents' fish-and-chip shop, moving to London, and becoming a journalist. And, after five years in the city, his career isn't exactly awful, and his relationship with pretentious Tobbs isn't exactly unfulfilling. Certainly his limited-edition Dolly Parton vinyls and many (maybe too many) house plants are hitting the spot. But his world is flipped upside down when a visit to the local clinic reveals that Tobbs might not have been exactly faithful. In fact, Tobbs claims they were never operating under the "heteronormative paradigm" of monogamy to begin with. Oh, and Danny's flatmates are unceremoniously evicting him because they want to start a family. It's all going quite well. Newly single and with nowhere to live, Danny is forced to move in with his best friend, Jacob, a flamboyant nonbinary artist whom he's known since childhood, and their eccentric group of friends living in an East London "commune." What follows is a colorful voyage of discovery through modern queer life, dating, work, and lots of therapy—all places Danny has always been too afraid to fully explore. Upon realizing just how little he knows about himself and his sexuality, he careens from one questionable decision (and man) to another, relying on his inscrutable new therapist and housemates to help him face the demons he's spent his entire life trying to repress. Is he really fine, after all?
