You could not and no-one else going following books buildup or library or borrowing from your associates to right to use them. This is an completely easy means to specifically acquire lead by on-line. This online publication Territorial Ambitions And The Gardens Of Versailles can be one of the options to accompany you behind having additional time.

It will not waste your time. believe me, the e-book will utterly aerate you further event to read. Just invest tiny time to read this on-line declaration **Territorial Ambitions And The Gardens Of Versailles** as well as review them wherever you are now.

*Misadventures of the Most Favored Nations* Aug 05 2020 A Gerald Loeb-winning global economist identifies the human factors and political agendas that are negatively impacting the globalization movement, explaining what the author identifies as failures on the part of the WTO to resolve contentious differences between wealthy and developing nations.

**Becoming a Candidate** Jan 10 2021 This book is about political ambition - who has it, how it is fostered and how it evolves.

*Pianos and Politics in China* Dec 21 2021 During the Cultural Revolution the piano, the musical embodiment of Western culture, became the object of intense hostility. This book examines the evolution of China's ever-changing disposition towards European music and Western influences generally.

**Imperial Ambitions** Aug 17 2021 In this first collection of interviews since the bestselling 9-11, our foremost intellectual activist examines crucial new questions of U.S. foreign policy Timely, urgent, and powerfully elucidating, this important volume of previously unpublished interviews conducted by award-winning radio journalist David Barsamian features Noam Chomsky discussing America's policies in an increasingly unstable world. With his famous insight, lucidity, and redoubtable grasp of history, Chomsky offers his views on the invasion and occupation of Iraq, the doctrine of "preemptive" strikes against so-called rogue states, and the prospects of the second Bush administration, warning of the growing threat to international peace posed by the U.S. drive for domination. In his inimitable style, Chomsky also dissects the propaganda system that fabricates a mythic past and airbrushes inconvenient facts out of history. Barsamian, recipient of the ACLU's Upton Sinclair Award for independent journalism, has conducted more interviews and radio broadcasts with Chomsky than has any other journalist. Enriched by their unique rapport, Imperial Ambitions explores topics Chomsky has never before discussed, among them the 2004 presidential campaign and election, the future of Social Security, and the increasing threat, including devastating weather patterns, of global warming. The result is an illuminating dialogue with one of the leading thinkers of our time—and a startling picture of the turbulent times in which we live.

*Age of Ambition: Chasing Fortune, Truth, and Faith in the New China* Jun 22 2019 Pulitzer Prize in General Nonfiction finalist Winner of the 2014 National Book Award in nonfiction. An Economist Best Book of 2014. A vibrant, colorful, and revelatory inner history of China during a moment of profound transformation From abroad, we often see China as a caricature: a nation of pragmatic plutocrats and ruthlessly dedicated students destined to rule the global economy-or an addled Goliath, riddled with corruption and on the edge of stagnation. What we don't see is how both powerful and ordinary people are remaking their lives as their country dramatically changes. As the Beijing correspondent for The New Yorker, Evan Osnos was on the ground in China for years, witness to profound political, economic, and cultural upheaval. In Age of Ambition, he describes the greatest collision taking place in that country: the clash between the rise of the individual and the Communist Party's struggle to retain control. He asks probing questions: Why does a government with more success lifting people from poverty than any civilization in history choose to put strict restraints on freedom of expression? Why do millions of young Chinese professionals-fluent in English and devoted to Western pop culture-consider themselves "angry youth," dedicated to resisting the West's influence? How are Chinese from all strata finding meaning after two decades of the relentless pursuit of wealth? Writing with great narrative verve and a keen sense of irony, Osnos follows the moving stories of everyday people and reveals life in the new China to be a battleground between aspiration and authoritarianism, in which only one can prevail.

*Iran in Crisis?* Dec 29 2019 Is Iran at a crossroads? The recent US - led wars in Iraq and Afghanistan have brought new opportunities and dangers that could conceivably either herald a new rapprochement between Tehran and Washington or else bring a sharp deterioration that might perhaps spill over into confrontation. At home, profound demographic changes would seem to make far-reaching political changes appear inevitable in a country whose young population is alienated from the clerical elite that pulls the strings of power. This book looks at some of the causes of these domestic international tensions and considers some of the possible outcomes. In particular, it asks: Is Iran really on the way to developing nuclear weapons? What is the Iranian 'Qods Force' doing in Iraq and Afghanistan? And why? What are Iran's connections with Middle East terror groups? Could Iran disintegrate if the current regime crumbles? How much of a threat to the regime do dissident organisations pose? The book explains the likely course of events in Iran and the region for both general readers and specialists.

**Double Bind: Women on Ambition** Mar 12 2021 “Bold, absorbing, insightful, and wise. . . . Read it: the truth is inside.”— Cheryl Strayed, author of Wild and Tiny Beautiful Things “A work of courage and ferocious honesty” (Diana Abu-Jaber), Double Bind could not come at a more urgent time. Even as major figures from Gloria Steinem to Beyoncé embrace the word “feminism,” the word “ambition” remains loaded with ambivalence. Many women see it as synonymous with strident or aggressive, yet most feel compelled to strive and achieve—the seeming contradiction leaving them in a perpetual double bind. Ayana Mathis, Molly Ringwald, Roxane Gay, and a constellation of “nimble thinkers . . . dismantle this maddening paradox” (O, The Oprah Magazine) with candor, wit, and rage. Women who have made landmark achievements in fields as diverse as law, dog sledding, and butchery weigh in, breaking the last feminist taboo once and for all. “Both intimate and scalable” (Atlantic.com), Double Bind finally seizes “ambition” from the roster of dirty words.

**Material Ambitions** May 14 2021 Intertwining the methodologies of disability studies and ecocriticism, Material Ambitions persuasively unmask the longstanding myth that ambitious individualism can overcome disadvantageous systematic and structural conditions.

**China's Maritime Ambitions and the PLA Navy** May 26 2022 China s Maritime Power dates back thousands of years. China has one of the oldest naval traditions in the world, dating from at least the end of the Warring States period in 221 BC. Nonetheless, China has historically been a continental state with a large ground force and only a coastal navy with limited blue water capability. The rise of modern day China raises considerable regional and security concerns, besides economic and political competition towards finding a rightful place in power politics of the South Asian Region and hence needs a critical analysis. There is a need to focus future strategies to deal with such challenges, both in the medium and long term. An effort to achieve the same has been undertaken in this book. The book is sure to stimulate further discussions on China s navy and its ambitions. Foreword by Srikanth Kondapalli

**Pious Ambitions** Oct 07 2020 "Mary C. Tribble mines a journal and a trove of letters from the Special Collections and Archives of Z. Smith Reynolds Library at Wake Forest University to introduce a significant figure in North Carolina and Baptist history. The writings of Sally Merriam Wait reveal a northernborn woman with anti-slavery leanings engaging with an unfamiliar environment in the slave-holding South. Her ambition led her from young convert in revival-swept New England to devoted wife of Reverend Samuel Wait, the first president and founder of Wake Forest University. Wait's decisions are shaped by a surging evangelical movement, changes in the American economy, the rise of women's social agency, a fracturing of political traditions, and the moral conflicts inherent in a slave economy. The book provides a rare glimpse into the spiritual and worldly education of a young woman of faith at the dawn of market capitalism in Jacksonian America"--

**Ambitions** Mar 24 2022 Teenaged Christine Wainwright's parents regard her and her musical ambitions as inconveniences. Christine's earnest, vain elder brother David is the star of the family: an up-and-coming novelist who has married into the richest family in State City, Iowa. The middle child, Melissa, is struggling with her teaching career and a choice between two men: steady, pragmatic Leander Washington and worshipful Connor Lowe. When Christine disappears, suspicion falls on the Wainwrights' scheming neighbor, Andy Palinkas, who loathes Christine's parents. The unfolding mystery exposes the truth behind the Wainwrights' respectable facade: a convoluted saga of unwanted children, disastrous marriages, romantic double-crosses, and domestic plots and counter-plots. Joseph Dobrian's new novel, Ambitions (Rex Imperator, 426 pps., trade paperback, \$17.95, ISBN 978-0-9835572-3-4) is a stark, elegantly written family drama set in a Midwestern university town. It's a story of aspiration, adoration, and betrayal that explores

some of the ugliest realities of human interactions. At the same time, it conveys a message of hope to readers who strive to realize their own ambitions. REVIEW BY JEFF-CHARIS CARLSON, in the IOWA CITY PRESS-CITIZEN: Like "Anna Karenina," Joseph Dobrian's new novel, "Ambitions," should be required reading in premarital counseling or pre-parenting classes. Like Leo Tolstoy 140 years before him, Dobrian understands intimately the profound truth within the axiom: "Happy families are all alike; every unhappy family is unhappy in its own way." And like the thousand-page Russian masterpiece, Dobrian's 440-page "Ambitions" provides a veritable catalog of various unhappy marriages and parent-child relationships. Unlike Tolstoy's Konstantin Levin, however, Dobrian's authorial stand-in character, Andy Palinkas, isn't working his way through one of the family relationships in question. Instead, as the middle-aged owner of a men's clothing store, he remains an unmarried, well-dressed man who, disappointedly, tends to give off the wrong vibe to the women he finds attractive. Yet Andy's bachelor-status also leaves him free to observe, gossip about and learn from the failings of his coupled and kidded customers, colleagues and fellow citizens. And his mentoring relationship with his neighbors' teenage daughter - whose life he saved when she was a child - provides him with a good deal of behind-the-scenes dirt on the main characters. Throw in Andy's many business contacts and his frequent appearances at various School of Music concerts, and the character soon has all the information he needs to narrate a compelling story, seven years after the fact, from a third-person, limited-omniscient (and highly snarky) perspective. Dobrain's own sepia-tinged narrative style often makes the 2000s setting of the novel feel more like a half-century earlier. And despite the novel's dramatic opening with the disappearance of that teen-age neighbor, "Ambitions" is much more a multi-generational character study than a plot-driven mystery. Set against the backdrop of a thinly fictionalized version of Iowa City - State City, a UNESCO-designated "City of Music" - Dobrian's already on-target psychological insights hit even closer to home. Although there are many times in which both Andy and Dobrian seem to be having almost too much fun at others' expense, Dobrian generally is empathetic with his characters whose mundane lives are drowning in their own ordinariness. As with Dobrian's Writers' Group columns and his earlier essay collection, "Seldom Right But Never in Doubt," there are a few times when you feel like throwing the book across the room - mainly in frustration at the blitheness in which the characters go about ruining their lives. But the novel proves to be surprisingly addictive. (I found it so hard to put down that I made it through 300 pages in the first night and had to go to work bleary-eyed the next day.)"

**America in the World** Sep 05 2020 A one-of-a-kind anthology of primary texts in American foreign relations How should America wield its enormous power beyond its borders? Should it adhere to grand principles or act on narrow self-interest? Should it partner with other nations or avoid entangling alliances? Americans have been grappling with questions like these throughout the nation's history, and especially since the emergence of the United States as a major world power in the late nineteenth century. America in the World illuminates this history by capturing the diverse voices and viewpoints of some of the most colorful and eloquent people who participated in these momentous debates. Spanning the era from the Gilded Age to the Obama years, this unique reader collects more than two hundred documents—everything from presidential addresses and diplomatic cables to political cartoons and song lyrics. It encompasses various phases of American diplomatic history that are typically treated separately, such as the First World War, the Cold War, and 9/11. The book presents the perspectives of elite policymakers—presidents, secretaries of state, generals, and diplomats—alongside those of other kinds of Americans, such as newspaper columnists, clergymen, songwriters, poets, and novelists. It also features numerous documents from other countries, illustrating how foreigners viewed America's role in the world. Ideal for classroom use, America in the World sheds light on the complex interplay of political, economic, ideological, and cultural factors underlying the exercise of American power on the global stage. Includes more than two hundred documents from the late nineteenth century to today Looks at everything from presidential addresses to political cartoons and song lyrics Presents diverse perspectives, from elite policymakers to clergymen and novelists Features documents from outside the United States, illustrating how people in other countries viewed America's role in the world

**Valiant Ambition** Sep 25 2019 A New York Times Bestseller Winner of the George Washington Prize A surprising account of the middle years of the American Revolution and the tragic relationship between George Washington and Benedict Arnold, from the New York Times bestselling author of In The Heart of the Sea, Mayflower, and In the Hurricane's Eye. "May be one of the greatest what-if books of the age—a volume that turns one of America's best-known narratives on its head."—Boston Globe "Clear and insightful, [Valiant Ambition] consolidates Philbrick's reputation as one of America's foremost practitioners of narrative nonfiction."—Wall Street Journal In the second book of his acclaimed American Revolution series, Nathaniel Philbrick turns to the tragic relationship between George Washington and Benedict Arnold. In September 1776, the vulnerable Continental army under an unsure George Washington evacuated New York after a devastating defeat by the British army. Three weeks later, one of his favorite generals, Benedict Arnold, miraculously succeeded in postponing the British naval advance down Lake Champlain that might have lost the war. As this book ends, four years later Washington has vanquished his demons, and Arnold has fled to the enemy. America was forced at last to realize that the real threat to its liberties might not come from without but from withinComplex, controversial, and dramatic, Valiant Ambition is a portrait of a people in crisis and the war that gave birth to a nation.

**Ambition, A History** Feb 20 2022 Is “ambitious” a compliment? It depends: “[A] masterpiece of intellectual and cultural history.”—David Brion Davis, author of Inhuman Bondage: The Rise and Fall of Slavery in the New World From rags to riches, log house to White House, enslaved to liberator, ghetto to CEO, ambition fuels the American Dream. Yet at the time of the nation's founding, ambition was viewed as a dangerous vice, everything from “a canker on the soul” to the impetus for original sin. This engaging book explores ambition's surprising transformation, tracing attitudes from classical antiquity to early modern Europe to the New World and America's founding. From this broad historical perspective, William Casey King deepens our understanding of the American mythos and offers a striking reinterpretation of the introduction to the Declaration of Independence. Through an innovative array of sources and authors—Aquinas, Dante, Machiavelli, the Geneva Bible, Marlowe, Shakespeare, Thomas Jefferson, and many others—King demonstrates that a transformed view of ambition became possible the moment Europe realized that Columbus had discovered not a new route but a new world. In addition the author argues that reconstituting ambition as a virtue was a necessary precondition of the American republic. The book suggests that even in the twenty-first century, ambition has never fully lost its ties to vice and continues to exhibit a dual nature—positive or negative depending upon the ends, the means, and the individual involved. **Supreme Ambitions** Jul 04 2020 Supreme Ambitions details the rise of Audrey Coyne, a recent Yale Law School graduate who dreams of clerking for the U.S. Supreme Court someday. Audrey moves to California to clerk for Judge Christina Wong Stinson, a highly regarded appeals-court judge who is Audrey's ticket to a Supreme Court clerkship. While working for the powerful and driven Judge Stinson, Audrey discovers that high ambitions come with a high price. Toss in some headline-making cases, a little romance, and a pesky judicial gossip blog, and you have a legal novel with the inside scoop you'd expect from the founder of Above the Law, one of the nation's most widely read and influential legal websites."

**The Ambition Decisions** Jan 22 2022 "These are the 'know your value' conversations that we need to have. These women--their challenges, choices, and successes--are all of us." --Mika Brzezinski Over the last sixty years, women's lives have transformed radically from generation to generation. Without a template to follow--a way to peek into the future to catch a glimpse of what leaving this job or marrying that person might mean to us decades from now--women make important decisions blindly, groping for a way forward, winging it, and hoping it all works out. As they faced unexpectedly fraught decisions about their own lives, journalists Hana Schank and Elizabeth Wallace found themselves wondering about the women they'd graduated alongside. What happened to these women who seemed set to reap the rewards of second-wave feminism, on the brink of taking over the world? Where did their ambition lead them? So they tracked down their classmates and, over several hundred hours of interviews, gathered and mapped data about real women's lives that has been missing from our conversations about women and the workplace. Whether you're deciding if you should pass up a promotion in favor of more flex time, planning when to get pregnant, or wondering what the ramifications are of being the only person in your house who ever unloads the dishwasher, The Ambition Decisions is a guide to the changes that may seem arbitrary but are life defining, by women who've been there. Organized by theme, each chapter draws on real women's stories of facing down crisis, transition, and decision-making to illustrate broader trends Schank and Wallace observed. Each chapter wraps up with a useful bulleted list of questions to consider and tips to integrate that will guide women of all ages along the way to finding purpose and passion in work and life.

**Modern Germany** Oct 26 2019

**Noble Ambitions** Jul 16 2021 A rollicking tour of the English country home after World War II, when swinging London collided with aristocratic values As the sun set slowly on the British Empire, its mansions fell and rose. Ancient families were reduced to demolishing the parts of their stately homes they could no longer afford, dukes and duchesses desperately clung to their ancestral seats, and a new class of homeowners bought their way into country life. A delicious romp, Noble Ambitions pulls us into these crumbling halls of power, leading us through the juiciest bits of postwar aristocratic history—from Mick Jagger dancing at deb balls to the scandals of Princess Margaret. Capturing the spirit of the age, historian Adrian Tinniswood proves that the country house is not only an iconic symbol, but a lens through which to understand the shifting fortunes of the British elite in an era of monumental social change.

**The China Nightmare** Nov 07 2020 This is a book about China's grand strategy and its future as an ambitious, declining, and dangerous rival power. Once the darling of U.S. statesmen, corporate elites, and academics, the People's Republic of China has evolved into America's most challenging strategic competitor. Its future appears increasingly dystopian. This book tells the story of how China got to this place and analyzes where it will go next and what that will mean for the future of U.S. strategy. The China Nightmare makes an extraordinarily compelling case that China's future could be dark and the free world must prepare accordingly.

**Colossal Ambitions** Jan 28 2020 Leading politicians, diplomats, clerics, planters, farmers, manufacturers, and merchants preached a transformative, world-historical role for the Confederacy, persuading many of their compatriots to fight not merely to retain what they had but to gain their future empire. Impervious to reality, their vision of future world leadership—territorial, economic, political, and cultural—provided a vitally important, underappreciated motivation to form an independent Confederate republic. In Colossal Ambitions, Adrian Brettle explores how leading Confederate thinkers envisioned their postwar nation—its relationship with the United States, its place in the Americas, and its role in the global order. Brettle draws on rich caches of published and unpublished letters and diaries, Confederate national and state government documents, newspapers published in North America and England, conference proceedings, pamphlets, contemporary and scholarly articles, and more to engage the perspectives of not only modern historians but some of the most salient theorists of the Western World in the eighteenth and nineteenth centuries. An impressive and complex undertaking, Colossal Ambitions concludes that while some Confederate commentators saw wartime industrialization as pointing toward a different economic future, most Confederates saw their society as revolving once more around coercive labor, staple crop production, and exports in the war's wake.

**The Ambition and the Power** Jun 26 2022 Profiles the man whose thirty-five-year congressional career ended ignominiously in the spring of 1989

**The End of Ambition** Aug 29 2022 A groundbreaking new history of how the Vietnam War thwarted U.S. liberal ambitions in the developing world and at home in the 1960s At the start of the 1960s, John F. Kennedy and other American liberals expressed boundless optimism about the ability of the United States to promote democracy and development in Asia, Africa, the Middle East, and Latin America. With U.S. power, resources, and expertise, almost anything seemed possible in the countries of the Cold War's “Third World”—developing, postcolonial nations unaligned with the United States or Soviet Union. Yet by the end of the decade, this vision lay in ruins. What happened? In The End of Ambition, Mark Atwood Lawrence offers a groundbreaking new history of

America's most consequential decade. He reveals how the Vietnam War, combined with dizzying social and political changes in the United States, led to a collapse of American liberal ambition in the Third World—and how this transformation was connected to shrinking aspirations back home in America. By the middle and late 1960s, democracy had given way to dictatorship in many Third World countries, while poverty and inequality remained pervasive. As America's costly war in Vietnam dragged on and as the Kennedy years gave way to the administrations of Lyndon B. Johnson and Richard M. Nixon, America became increasingly risk averse and embraced a new policy of promoting mere stability in the Third World. Paying special attention to the U.S. relationships with Brazil, India, Iran, Indonesia, and southern Africa, *The End of Ambition* tells the story of this momentous change and of how international and U.S. events intertwined. The result is an original new perspective on a war that continues to haunt U.S. foreign policy today.

**Global Ambitions and Local Identities** Jul 28 2022 Until recently, international mergers of companies have been seen as purely financial ventures without any concern for what they meant for the people involved. However, attitudes are gradually changing. This study of a successful Israeli high-tech company's merger with an American competitor offers an important contribution to a better understanding of the social and personal ramifications of mergers. Based upon in-depth fieldwork, the book explores the reality behind the statistics, balance sheets, and managerial prescriptions that are the focus of most studies of international mergers and acquisitions. Offering a richly detailed description of everyday work life, the author reveals the dramas of identity that unfold as a consequence of the company's attempts to redefine the boundaries of the organizational collective by adding to it people from another country. The book debunks many myths used to support arguments both for and against globalization and offers instead an in-depth depiction and a grounded assessment of its everyday realities.

**Between Two Fires** Mar 31 2020 WINNER OF THE ORWELL PRIZE • NEW YORK TIMES EDITORS' CHOICE • "Unforgettable . . . a book about Putin's Russia that is unlike any other."—Patrick Radden Keefe, author of *Empire of Pain* From a Moscow correspondent for *The New Yorker*, a groundbreaking portrait of modern Russia and the inner struggles of the people who sustain Vladimir Putin's rule ONE OF THE BEST BOOKS OF THE YEAR—NPR, Kirkus Reviews In this rich and novelistic tour of contemporary Russia, Joshua Yaffa introduces readers to some of the country's most remarkable figures—from politicians and entrepreneurs to artists and historians—who have built their careers and constructed their identities in the shadow of the Putin system. Torn between their own ambitions and the omnipresent demands of the state, each walks an individual path of compromise. Some muster cunning and cynicism to extract all manner of benefits and privileges from those in power. Others, finding themselves to be less adept, are left broken and demoralized. What binds them together is the tangled web of dilemmas and contradictions they face. *Between Two Fires* chronicles the lives of a number of strivers who understand that their dreams are best—or only—realized through varying degrees of cooperation with the Russian government. With sensitivity and depth, Yaffa profiles the director of the country's main television channel, an Orthodox priest at war with the church hierarchy, a Chechen humanitarian who turns a blind eye to persecutions, and many others. The result is an intimate and probing portrait of a nation that is much discussed yet little understood. By showing how citizens shape their lives around the demands of a capricious and frequently repressive state—as often by choice as under threat of force—Yaffa offers urgent lessons about the true nature of modern authoritarianism. Praise for *Between Two Fires* "A deep and revealing portrait of life inside Vladimir Putin's Russia. . . . Yaffa mines a rich vein, describing his subjects' moral compromises and often ingenious ways of engaging a crooked bureaucracy to show how the Kremlin sustains its authoritarianism."—*The New York Times Book Review* "Few journalists have penetrated so deep and with so much nuance into the moral ambiguities of Russia. If you want insight into the deeper distortions the Kremlin causes in people's psyches this book is invaluable."—Peter Pomerantsev, author of *Nothing Is True and Everything Is Possible* "A stunning chronicle of Putin's new Russia . . . It celebrates the vitality of the Russian people even as it explores the compromises and accommodations that they must make. . . . This embrace of contradictions is what makes *Between Two Fires* such a poignant and poetic book."—Alex Gibney, *Air Mail*

**The British in India** Aug 24 2019 A SUNDAY TIMES, THE TIMES, SPECTATOR, NEW STATESMAN, TLS BOOK OF THE YEAR The British in this book lived in India from shortly after the reign of Elizabeth I until well into the reign of Elizabeth II. Who were they? What drove these men and women to risk their lives on long voyages down the Atlantic and across the Indian Ocean or later via the Suez Canal? And when they got to India, what did they do and how did they live? This book explores the lives of the many different sorts of Briton who went to India: viceroys and officials, soldiers and missionaries, planters and foresters, merchants, engineers, teachers and doctors. It evokes the three and a half centuries of their ambitions and experiences, together with the lives of their families, recording the diversity of their work and their leisure, and the complexity of their relationships with the peoples of India. It also describes the lives of many who did not fit in with the usual image of the Raj: the tramps and rascals, the men who 'went native', the women who scorned the role of the traditional memsahib. David Gilmour has spent decades researching in archives, studying the papers of many people who have never been written about before, to create a magnificent tapestry of British life in India. It is exceptional work of scholarly recovery portrays individuals with understanding and humour, and makes an original and engaging contribution to a long and important period of British and Indian history.

**Blood in the Sand** Apr 12 2021 Following the attacks of September 11, 2001, clouds of ash blackened the skies over New York City, Washington, D.C., and rural Pennsylvania. In the wake of the destruction, the United States seemingly entered a new era marked by radical changes in the nation's discourse and in the policies of the Bush administration. With the toppling of the Taliban in Afghanistan, the invasion of Iraq, and saber rattling elsewhere, America's global war on terror began to take shape. Lofty rhetoric about expanding democracy and defending freedom filled the halls of elite power and dominated mainstream media coverage of American politics. *Blood in the Sand* offers both an incisive analysis and a confrontational critique of America's recent international pursuits and its dominant political culture. Stephen Eric Bronner challenges the notion that everything changed in the aftermath of 9/11. He shows instead how a criminal act served to legitimize political manipulation and invigorate traditional nationalistic enthusiasms for militarism and imperial expansion. Employing his own experiences in the Middle East, Bronner acknowledges -- but refuses to overstate -- recent progressive developments in the region. He criticizes the neo-conservative penchant for unilateral military aggression and debunks the dubious notion of fostering democracy at gunpoint. While Bronner analyzes authoritarian repression, human rights violations, shrinking civil liberties, and severe socioeconomic inequalities, *Blood in the Sand* is neither a narrow political diatribe nor a futile exercise in anti-American negativism. The author honors America by condemning the betrayal of the nation's finest ideals by so many of those who, hypocritically or naively, invoke those ideals the most. Bronner sheds new light on those who insist on publicly waving the flag while privately subverting that for which it stands. *Blood in the Sand* sounds a clarion call for revitalizing the American polity and reshaping foreign policy along democratic lines. Committed to a political renewal, Bronner urges the American people to recall what is best about their national heritage and the genuine beacon of hope it might offer other countries and other cultures.

**Dark Ambitions (Code of Honor Book #3)** Jul 24 2019 Former Army Night Stalker Rick Jordan usually has his camp for foster children to himself during the winter months. But someone has visited recently--leaving a trail of blood. One of the two clues left behind tips Rick off to the identity of his visitor, who soon turns up dead. The police deem it an accident, but Rick isn't convinced. With the help of private investigator Heather Shields, he sets out to decipher the remaining clue. Except someone doesn't want them to succeed--and will stop at nothing to keep them from finding the truth. With her trademark psychological suspense ratcheting up the tension on every page, bestselling and award-winning author Irene Hannon takes you on a search for a cold-blooded killer with an ambitious goal and deadly intent.

**Blood in the Sand** Jun 02 2020 *Blood in the Sand* is Stephen Eric Bronner's powerful critique of the current state of American foreign and domestic policy, ranging from the government's initial response to 9/11 and the assault on Afghanistan through the Iraqi War and the ramifications of the Israeli-Palestinian conflict. Bronner, who just months before the war began spent time in Iraq as part of a peace delegation, examines the state of twenty-first century America, a nation in which security against future terrorist attacks has become an obsession, "moral values" have turned into a slogan, and belief in the right to engage in a preemptive strike has come to define foreign policy. In *Blood in the Sand*, Bronner develops a bold new framework for a modern democratic foreign policy. In doing so, he passionately warns of the consequences of failure to alter the current course of events in America: extreme economic inequalities of power, political authoritarianism, imperialist ambitions, and an increasingly constrained cultural climate.

**Ambitious Like a Mother** May 02 2020 In this captivating and radical look at "work-life balance," Lara Bazelon reframes our understanding of working women—and shows how prioritizing your career benefits mothers, kids, and society at large. In this singular cultural moment, mothers have unparalleled opportunities to succeed at work while continuing to face the same societal impediments that held back our mothers and grandmothers. We still encounter entrenched gender bias in the workplace and are expected to shoulder the lion's share of labor and burdens at home while being made to feel as if we're never doing enough. All the while we're told that the perfect work-life balance is possible, if only we try hard enough to achieve it. It's time to change the conversation—about work, life, and "balance." Work and life are inextricably, intimately intertwined. We need to celebrate what we do give our children—even and especially in moments of imbalance—rather than apologizing for what we don't. In this way, we can model for our children how we use our talents to help others and raise awareness about the issues closest to our hearts. We can embrace the personal fulfillment and financial independence that pursuing meaningful work can bring as a way of showing our children how to live happy, purpose-driven lives. Bazelon argues not only that we can but that we should. Being ambitious at work and being a good mother to our children are not at odds—these qualities mutually reinforce each other. Backed up by research and filled with personal stories from Bazelon's life, as well as that of her mother and the many other women she interviewed across the cultural and financial spectrum, *Ambitious Like a Mother* is an anthem, a beacon for all to recognize and celebrate the pioneering women who reject the false idols of the Selfless Mother and Work-Life Balance, and a call to embrace your own ambitions and model your multiplicities for your children.

*Ambition and Desire* Nov 27 2019 Traces the rags-to-riches story of Josephine Bonaparte, discussing her humble origins, powerful ambitions, and her passionate relationship with Napoleon.

**A Sisterhood of Secret Ambitions** Oct 19 2021 A teen girl, backed by a secret society of powerful women, competes to make an 18-year-old future President fall in love with her in Sheena Boekweg's compelling new YA novel, *A Sisterhood of Secret Ambitions*. Behind every powerful man is a trained woman, and behind every trained woman is the Society. It started with tea parties and matchmaking, but is now a countrywide secret. Gossips pass messages in recipes, Spinsters train to fight, and women work together to grant safety to abused women and children. The Society is more than oaths—it is sisterhood and purpose. In 1926, seventeen-year-old Elsie is dropped off in a new city with four other teenage girls. All of them have trained together since childhood to become the Wife of a powerful man. But when they learn that their next target is earmarked to become President, their mission becomes more than just an assignment; this is a chance at the most powerful position in the Society. A life more influential than they had ever before dared to dream possible. All they have to do is make one man fall in love with them first.

**Ambitious and Anxious** Dec 09 2020 Over the past decade, a wave of Chinese international undergraduate students—mostly self-funded—has swept across American higher education. From 2005 to 2015, undergraduate enrollment from China rose from under 10,000 to over 135,000. This privileged yet diverse group of young people from a changing China must navigate the complications and confusions of their formative years while bridging the two most powerful countries in the world. How do these students come to study in the United States? What does this experience mean to them? What does American higher education need to know and do in order to continue attracting these students and to provide sufficient support for them? In *Ambitious and Anxious*, the sociologist Yingyi Ma offers a multifaceted analysis of this new wave of Chinese students based on research in both Chinese high schools and American higher-education institutions. Ma argues that these students' experiences embody the duality of ambition and anxiety that arises from transformative social changes in China. These students and their families have the ambition to navigate two very different educational systems and societies. Yet the intricacy and pressure of these systems generate a great deal of anxiety, from applying to colleges before arriving, to studying and socializing on campus, and to looking ahead upon graduation. *Ambitious and Anxious* also considers policy implications for American colleges and universities, including recruitment, student experiences, faculty support, and career services.

**Territorial Ambitions and the Gardens of Versailles** Sep 29 2022 In seventeenth-century France, land took on new importance for the practice of politics and rituals of court life. In her major new book, Chandra Mukerji highlights the connections between the two seemingly disparate activities of engineering and garden design. She shows how, at Versailles in particular, the royal park showcased French skills in using nature and art to design a distinctively French landscape and create a naturalized political territoriality. She challenges the association of state power with social and legal structures alone and demonstrates the importance for Louis XIV and his state of a controlled physical site, a demarcated French territory within the wider European geo-political continent.

**A Simming Ambition and Success** Feb 08 2021 **PRODUCT DESCRIPTION** Wouldn't it be great if you could be boldly ambitious and happy at the same time? You can and you can. I'm going to show you how, like thousands of women I've worked with over the years, you can make more money, get the recognition you deserve, and the recognition for having more power and being as ambitious as possible. I will show you how you can be ambitious without compromising your ethics and integrity. I will show you that you can feel worthy and unworthy. above all without fear of sacrificing your desire to live a full and happy personal life and not be afraid of being less than a woman. It has worked for me. It has worked for countless ambitious women I have mentored. It works for you. - Brings ambition and success in swimming. A guide to what you want to achieve and achieve your dreams. We do not progress in our careers as we should. We don't get the money we deserve or the fulfillment we want. This time we will do it ourselves because ambition - for us - is a word that float. Myles Jenkins has taught thousands of people from all walks of life that if you dream upside down, you will be seen as selfish, a bad person, or naïve. But it is this fear of ambition that forces people to set aside the best part of themselves - their dreams, their greatest talents - and makes it impossible for them to become the people they want to be. Myles Jenkins has a new message and a new mission: to remind you that ambition is a virtue, not a vice. Ambition is the best part of who we are. The real way to achieve the good life is to see your ambitions as part of your value system, and you must also consider other priorities that are important to you, such as your spouse, children, and friends. friends Myles Jenkins offers powerful new tools to reclaim your dreams. Eight ambitious rules offer concrete, innovative solutions to the daily struggles we face as humans-like earning credit, avoiding criticism, and managing conflict-so you can be more powerful and fulfilled at work and more meaningful at home. You can redefine your ambitions against societal sanctions and shamelessly pursue your dreams without sacrificing the rest of your life. You owe it to yourself and to the world to make the contribution you were born to make. Myles Jenkins shows you how.

**Deadly Clerics** Jun 14 2021 *Deadly Clerics* explains why some Muslim clerics adopt the ideology of militant jihadism while most do not. The book explores multiple pathways of cleric radicalization and shows that the interplay of academic, religious, and political institutions has influenced the rise of modern jihadism through a mechanism of blocked ambition. As long as clerics' academic ambitions remain attainable, they are unlikely to espouse violent jihad. Clerics who are forced out of academia are more likely to turn to jihad for two reasons: jihadist ideas are attractive to those who see the system as turning against them, and preaching a jihad ideology can help these outsider clerics attract supporters and funds. The book draws on evidence from various sources, including large-scale statistical analysis of texts and network data obtained from the Internet, case studies of clerics' lives, and ethnographic participant observations at sites in Cairo, Egypt.

**Ambitious Girl** Sep 17 2021 "A girl is inspired by an ambitious woman to ponder the word and claim it for herself as well"--

**Unapologetically Ambitious** Nov 19 2021 \*Named a Best Business Book of 2020 by Fortune and Bloomberg\* Full of empowering wisdom from one of Silicon Valley's first female African American CEOs, this inspiring leadership book offers a blueprint for how to achieve your personal and professional goals. Shellye Archambeau recounts how she overcame the challenges she faced as a young black woman, wife, and mother, managing her personal and professional responsibilities while climbing the ranks at IBM and subsequently in her roles as CEO. Through the busts and booms of Silicon Valley in the early 2000s, this bold and inspiring book details the risks she took and the strategies she engaged to steer her family, her career, and her company MetricStream toward success. Through her journey, Shellye discovered that ambition alone is not enough to achieve success. Here, she shares the practical strategies, tools, and approaches readers can employ right now, including concrete steps to most effectively: Dismantle impostor syndrome Capitalize on the power of planning Take risks Developing financial literacy Build your network Establish your reputation Take charge of your career Integrate work, marriage, parenthood, and self-care Each chapter lays out key takeaways and actions to increase the odds of achieving your personal and professional goals. With relatable personal stories that ground her advice in the real world and a foreword by leading venture capitalist and New York Times bestselling author Ben Horowitz, *Unapologetically Ambitious* invites readers to move beyond the solely supportive roles others expect them to fill, to learn how to carefully tread the thin line between assertive and aggressive, and to give themselves permission to strive for the top. Make no apologies for the height of your ambitions. Shellye Archambeau will show you how.

*Teach Us to Want* Apr 24 2022 Isn't desire sinful and selfish? The story of each person is a story of want—desires unmet, hopes dashed, passions pursued and ambitions fulfilled. Jen Pollock Michel guides us on a journey that reintroduces us to a God who purifies our longings and gives us the desires of our hearts.
