**The Wiley Blackwell Companion to Religion and Materiality** Oct 09 2020 The Wiley Blackwell Companion to Religion and Materiality provides a thoughtfully organized, inclusive, and

vibrant project of the multiple ways in which religion and materiality intersect. The contributions explore the way that religion is shaped by, and has shaped, the material world, embedding beliefs, doctrines, and texts into social and

cultural contexts of production, circulation, and consumption. The Companion not only contains scholarly essays but has an accompanying website to demonstrate the work of performers, architects, and expressive artists, ranging from musicians and dancers to religious practitioners. These examples offer specific illustrations of the interplay of religion and materiality in everyday life. The project is organized from a comparative perspective, highlighting examples and case studies from traditions originating in both East and West. To summarize, the volume: Brings together the leading figures, theories and ideas in the field in a systematic and comprehensive way Offers an interdisciplinary approach drawing together religious studies, anthropology, archaeology, history, sociology, geography, the cognitive sciences, ecology, and media studies Takes a comparative perspective, covering all the major faith traditions

*Companion to Religion and Materiality* Feb 22 2022 The Wiley Blackwell Companion to Religion and Materiality provides a thoughtfully organized, inclusive, and vibrant project of the multiple ways in which religion and materiality intersect. The contributions explore the way that religion is shaped by, and has shaped, the material world, embedding beliefs, doctrines, and texts into social and cultural contexts of production, circulation, and consumption. The Companion not only contains scholarly essays but has an accompanying website to demonstrate the work of performers, architects, and expressive artists, ranging from musicians and dancers to religious practitioners. These examples offer specific illustrations of the interplay of religion and materiality in everyday life. The project is organized from a comparative perspective, highlighting examples and case studies from traditions originating in both East and West. To summarize, the volume: Brings

together the leading figures, theories and ideas in the field in a systematic and comprehensive way Offers an interdisciplinary approach drawing together religious studies, anthropology, archaeology, history, sociology, geography, the cognitive sciences, ecology, and media studies Takes a comparative perspective, covering all the major faith traditions

**The Wiley-Blackwell Companion to Religion and Social Justice** Dec 23 2021

The Wiley-Blackwell Companion to Religion and Social Justice brings together a team of distinguished scholars to provide a comprehensive and comparative account of social justice in the major religious traditions. The first publication to offer a comparative study of social justice for each of the major world religions, exploring viewpoints within Christianity, Islam, Judaism, Hinduism, Buddhism, and Confucianism Offers a unique and enlightening volume for those studying religion and social

justice - a crucially important subject within the history of religion, and a significant area of academic study in the field Brings together the beliefs of individual traditions in a comprehensive, explanatory, and informative style All essays are newly-commissioned and written by eminent scholars in the field Benefits from a distinctive four-part organization, with sections on major religions; religious movements and themes; indigenous people; and issues of social justice, from colonialism to civil rights, and AIDS through to environmental concerns

The Routledge Companion to Theism May 16 2021 There are deep and pervasive disagreements today in universities and colleges, and popular culture in general, over the credibility and value of belief in God. This has given rise to an urgent need for a balanced, comprehensive, accessible resource book that can inform the public and scholarly debate over theism. While scholars with as diverse

interests as Daniel Dennett, Terry Eagleton, Richard Dawkins, Jürgen Habermas, and Rowan Williams have recently contributed books to this debate, "theism" as a concept remains poorly understood and requires a more thorough and systematic analysis than it has so far received in any single volume. The Routledge Companion to Theism addresses this need by investigating theism's history as well as its relationship to inquiry in the sciences, social sciences, and humanities, and to its wider cultural contexts. The contents are not confined within the philosophy of religion or even within the more expansive borders of philosophy. Rather, The Routledge Companion to Theism investigates its subject through the lens of a wide variety of disciplines and explores the ramifications of theism considered as a way of life as well as an intellectual conviction. The five parts of the volume indicate its inclusive scope: I. What is Theism?; II. Theism and Inquiry; III. Theism

and the Socio-Political Realm; IV. Theism and Culture; V. Theism as a Way of Life. The result is a well ordered and thorough collection that should provide a wide spectrum of readers with a better understanding of a subject that's much discussed, but frequently misunderstood. As the editors note in their Introduction, while stimulating and informing the contemporary debate, a key aim of the volume is to open new avenues of inquiry into theism and thereby to encourage further research into this vital topic. Comprised of 54 essays by leading scholars in philosophy, history, theology, religious studies, political science, education and sociology, The Routledge Companion to Theism promises to be the most useful, comprehensive resource on an emerging subject of interest for students and scholars.

World presents a comprehensive overview of a wide range of topics relating to the practices, expressions, and interactions of religion in antiquity, primarily in the Greco-Roman world. • Features readings that focus on religious experience and expression in the ancient world rather than solely on religious belief • Places a strong emphasis on domestic and individual religious practice • Represents the first time that the concept of “lived religion” is applied to the ancient history of religion and archaeology of religion • Includes cutting-edge data taken from top contemporary researchers and theorists in the field • Examines a large variety of themes and religious traditions across a wide geographical area and chronological span • Written to appeal equally to archaeologists and historians of religion

The Cambridge Companion to Orthodox Christian Theology

Sep 27 2019 Orthodox Christian theology is often presented as the direct

inheritor of the doctrine and tradition of the early Church. But continuity with the past is only part of the truth; it would be false to conclude that the eastern section of the Christian Church is in any way static. Orthodoxy, building on its patristic foundations, has blossomed in the modern period. This volume focuses on the way Orthodox theological tradition is understood and lived today. It explores the Orthodox understanding of what theology is: an expression of the Church's life of prayer, both corporate and personal, from which it can never be separated. Besides discussing aspects of doctrine, the book portrays the main figures, themes and developments that have shaped Orthodox thought. There is particular focus on the Russian and Greek traditions, as well as the dynamic but less well-known Antiochian tradition and the Orthodox presence in the West.

Covers major debates in secularization theory, rational choice theory, feminism and the body Takes a multidisciplinary approach, covering history, sociology, anthropology, and religious studies International in its scope, covering American exceptionalism, Native American spirituality, and China, Europe, and Southeast Asia Offers discussions on the latest developments, including "megachurches", spirituality, post-secular society and globalization

**The Cambridge Companion to Literature and Religion**

Jul 06 2020 Each essay in this Companion examines one or more literary texts and a religious tradition to illustrate how we can understand both literature and religion better by looking at them in tandem. Unlike most literature and religion books, which tend to focus on Christianity and take a highly theoretical approach inappropriate for non-specialists, The Cambridge Companion to Literature and Religion offers an accessible

treatment of both Dharmic and Abrahamic traditions. It provides close readings of texts rather than surveys of large topics, making it an ideal resource for undergraduate and graduate students of literature and religion.

The Wiley Blackwell Companion to Religion and Ecology Mar 26 2022 In the face of the current environmental crisis—which clearly has moral and spiritual dimensions—members of all the world’s faiths have come to recognize the critical importance of religion’s relationship to ecology. The Wiley Blackwell Companion to Religion and Ecology offers a comprehensive overview of the history and the latest developments in religious engagement with environmental issues throughout the world. Newly commissioned essays from noted scholars of diverse faiths and scientific traditions present the most cutting-edge thinking on religion’s relationship to the environment. Initial readings

explore the ways traditional concepts of nature in Christianity, Judaism, Islam, Buddhism, and other religious traditions have been shaped by the environmental crisis. Readings then address the changing nature of theology and religious thought in response to the challenges of protecting the environment. Various conceptual issues and themes that transcend individual traditions—climate change, bio-ethics, social justice, ecofeminism, and more—are then analyzed before a final section examines some of the immediate challenges we face in caring for the Earth while looking to the future of religious environmentalism. Timely and thought-provoking, *Companion to Religion and Ecology* offers illuminating insights into the role of religion in the ongoing struggle to secure the future well-being of our natural world. With a foreword by Ecumenical Patriarch Bartholomew I, and an Afterword by John Cobb

## **The Cambridge Companion to New Religious**

**Movements** Oct 28 2019 This volume addresses the key features of new religions, such as Scientology, the Moonies and Jihadist movements, from a systematic, comparative perspective.

The Cambridge Companion to Religion and Terrorism Sep 19 2021 There is currently much discussion regarding the causes of terrorist acts, as well as the connection between terrorism and religion.

Terrorism is attributed either to religious 'fanaticism' or, alternately, to political and economic factors, with religion more or less dismissed as a secondary factor. The Cambridge Companion to Religion and Terrorism examines this complex relationship between religion and terrorism phenomenon through a collection of essays freshly written for this volume. Bringing varying approaches to the topic, from the theoretical to the empirical, the

Companion includes an array of subjects, such as radicalization, suicide bombing, and rational choice, as well as specific case studies. The result is a richly textured collection that prompts readers to critically consider the cluster of phenomena that we have come to refer to as 'terrorism,' and terrorism's relationship with the similarly problematic set of phenomena that we call 'religion.'

## The Wiley Blackwell

### Companion to the Study of

Religion Jul 18 2021 Explore a rigorous but accessible guide to contemporary approaches to the study of religion from leading voices in the field The Wiley Blackwell Companion to the Study of Religion delivers an expert and insightful analysis of modern perspectives on the study of religion across the humanities and the social sciences. Presupposing no knowledge of the approaches examined in the collection, the book is ideal for undergraduate students who have yet to undertake extensive study in the

humanities or social sciences. The book includes perspectives from those in fields as diverse as globalization, cognitive science, the study of emotion, law, esotericism, sex and gender, functionalism, terror, the comparative method, modernism, and postmodernism. Many of the topics covered in the book clearly hail from religious studies, while others are grounded in other areas of academia. All of the chapters contained within are written by recognized authors who show how their chosen discipline contributes to the understanding of the phenomenon of religion. This book also includes topics like: A comprehensive exploration of multiple approaches to religious study, including anthropology, economics, literature, phenomenology, philosophy, psychology, sociology, and theology A review of various topics germane to the study of religion, including the study of the body, cognitive science, the comparative method, death and

the afterlife, law, magic, music, and myth A selection of subjects touching on modern trends in extremism and violence, including chapters on terror and violence, fundamentalism, and nationalism A discussion of the influence of modernism and postmodernism in religion Ideal for undergraduate, graduate, and postgraduate students in humanities and social science programs taking courses on religion and myth, The Wiley Blackwell Companion to the Study of Religion will also earn a place in the libraries of specialists working in the fields of Religious Studies, Theology, Sociology, Anthropology, Psychology, Political Science, History, and Philosophy.
