Cavern Oct 31 2022 This exciting novel of mysterious disappearances and subterranean terrors pits nuclear experts against a horror even they could not imagine. A secret: Jack Whittaker, master caver, has found an enormous cavern to rival famous Carlsbad Caverns, a place of pristine darkness, astonishing beauty and unpredictable peril. Whittaker needs to keep the cavern a secret until he can get the rights to develop it. But his ex-wife, scientist Cassandra Roberts, has another idea for the cavern, thanks to an ancient footprint found in its depths, near an emerald-like pool of water that has been undisturbed for millennia or has it? Another secret: In another cavern, this one man-made, patiently scoured from a 2,000-foot-deep salt deposit to house radioactive nuclear waste, government employees have started to disappear. Are these mysterious vanishings a conspiracy? Enter T. L. Smith, chief of security for the Department of Energy, a man given to lies and subterfuge and, whenever needed, violence. evolution has produced something marvellous, something unknown to the world, something that should have disappeared with the end of the last Ice Age, a force so dangerous that once all the secrets in

Carlsbad are revealed, and all the depths plumbed, more lives and even the great works of man and of nature are at risk.

Liverpool Apr 24 2022 Even before it gave us the Beatles, Liverpool produced the first true rock'n'roll star to be born outside America, Billy Fury. There has been a stream of star names ever since - from the Merseybeat time of the Beatles, Cilla Black and the Searchers to Echo and the Bunnymen, Elvis Costello, Frankie Goes To Hollywood, The La's, The Lightning Seeds and Atomic Kitten. Liverpool even rules the dance floor through its very own super-club, Cream.

Sacred Darkness Feb 08 2021 Caves have been used in various ways across human society but despite the persistence within popular culture of the iconic caveman, deep caves were never used primarily as habitation sites for early humans. Rather, in both ancient and contemporary contexts, caves have served primarily as ritual spaces. In Sacred Darkness, contributors use archaeological evidence as well as ethnographic studies of modern ritual practices to envision the cave as place of spiritual and ideological power and a potent venue for ritual practice. Covering the ritual use of caves in Europe, Asia, Australia, Africa, Mesoamerica, and the US Southwest and Eastern woodlands, this book brings together case studies by prominent scholars whose research spans from the Paleolithic period to the present day. These contributions demonstrate that cave sites are as fruitful as surface contexts in promoting the understanding of both ancient and modern religious beliefs and practices. This state-of-the-art survey of ritual cave use will be one of the most valuable resources for understanding the role of caves in studies of religion,

sacred landscape, or cosmology and a must-read for any archaeologist interested in caves.

Liverpool - Wondrous Place Sep 29 2022 No other city in the world is as well known or loved for its vibrant and definitive musical history as Liverpool. In 2002, Guinness World Records: British Hit Singles voted Liverpool 'World Capital of Pop', recognising that Liverpool's homegrown talent has produced more number one hit singles per capita than anywhere else in the world. In 2008, Liverpool will celebrate its crown as European Capital of Culture. Paul Du Noyer's acclaimed book takes us on a tour of the rich musical history of his hometown, from the world-famous Cavern Club in Mathew Street, host to the Beatles' debut performance in 1961, to the city's musical future with contemporary bands like The Zutons. Featuring interviews with key figures of the music scene, this book reveals the creative impulse behind Britain's most musical city. Find out why Liverpool is not just a place where music happens. The city is the reason music happens.

Kartchner Caverns Jul 04 2020 Tells how amateur Arizona spelunkers Randy Tufts and Gary Tenen found a huge virgin cave in 1974, maintained the secrecy of this place, Kartchner Caverns, for fourteen years, and upon its "discovery," helped preserve the location and transform the caverns into a public attraction. The author covers the twenty-five years from the caverns' discovery to its protection as an Arizona state park, using personal interviews, biographical facts, political maneuvering, and geological facts to illustrate the story.

Cast in Oblivion Aug 29 2022 POLITICS ARE HELL Kaylin wasn't sent to the West March to start a war. Her mission to bring back nine Barrani might do just that, though. She traveled with a Dragon, and her presence is perceived as an act of aggression in the extremely hostile world of Barrani-Dragon politics. Internal Barrani politics are no less deadly, and Kaylin has managed-barely-to help the rescued Barrani evade both death and captivity at the hands of the Consort. Before the unplanned "visit" to the West March, Kaylin invited the Consort to dinner. For obvious reasons, Kaylin wants to cancel dinner-forever. But the Consort is going to show up at the front door at the agreed-upon time. The fact that she tried to imprison Kaylin's guests doesn't matter at all...to her. A private Barrani Hell, built of Shadow and malice, exists beneath the High Halls. It is the High Court's duty to jail the creature at its heart-even if it means that Barrani victims are locked in the cage with it. The Consort is willing to do almost anything to free the trapped and end their eternal torment. And she needs the help of Kaylin's houseguests-and Kaylin herself. Failure won't be death-it will be Hell. And that's where Kaylin is going.

The Cavern Feb 20 2022 When a sink hole opens up near the Australian outback town of Pintalba, it uncovers a pristine cave system. Sam joins an expedition to explore the subterranean passages as paramedic support, hoping to remain unneeded at base camp. But, when one of the cavers is injured, he must overcome paralyzing claustrophobia to dive pitch-black waters and squeeze through the bowels of the

earth. Soon he will find there are fates worse than being buried alive, for in the abandoned mines and caves beneath Pinalba, there are ravenous teeth in the dark. As a savage predator targets the group with hideous ferocity, Sam and his friends must fight for their lives if they are ever to see the sun again. "The Cavern is a tense and compelling descent into subterranean horror, with characters you will care about in a setting unlike most fiction these days. I've never been a fan of caving, but having read this book, I'm staying above ground in the sunlight forever." - Alan Baxter, author of DEVOURING DARK and the ALEX CAINE SERIES

Cave Refectory Road May 02 2020 A new mode of Christian living is springing to life as groups of individuals and families living in the same geographic area or connected virtually share a simple rule of life. Cave, Refectory, Road explores how traditional monastic life is helping to shape a new flowering of Christian community today. It traces the roots of "new monasticism" and draws on the classic elements of monastic life to suggest how this ancient wisdom, learning, and spiritual practice might be reinterpreted for new settings. A handbook for all who are exploring "intentional living," its rich and inspiring teaching is clustered around three themes: The cave: the place of stillness, prayer, and withdrawal that can inspire a new engagement with the mystery of God The refectory: how manastic practices of hospitality can create communities that make a difference in the world The road: how the example of the friars can lead to creative and loving engagement with public life

Aethereal Jan 28 2020 The investigation of a series of mysterious terrorist bombings leads Special Agents Judy Deavers and Eric Johansson into a secret world where myth and reality collide. What they discover is so explosive that it could tear the very fabric of the civilized world apart. The ultimate fate of humanity is in the balance and it is a race against time to stop the last clock from ticking down.

Cave May 26 2022 Shortlisted for the Tratman Award 2015 To enter caves is to venture beyond the realm of the everyday. From huge vaulted caverns to impassable, water-filled passages; from the karst topography of Guilin in China to the lava tubes of Hawaii; from tiny remote pilgrimage sites to massive tourism enterprises, caves are places of mystery. Dark spaces that remain largely unexplored, caves are astonishing wonders of nature and habitats for exotic flora and fauna. This book investigates the natural and cultural history of caves and considers the roles caves have played in the human imagination and experience of the natural world. It explores the long history of the human fascination with caves, across countries and continents, examining their dual role as spaces of both wonder and fear. It tells the tales of the adventurers who pioneered the science of caves and those of the explorers and cave-divers still searching for new, unmapped routes deep into the earth. This book explores the lure of the subterranean world by examining caving and cave tourism and by looking to the mythology, literature, and art of caves. This lavishly illustrated book will appeal to general readers and experts alike interested in the ecology and use of caves, or the extraordinary artistic responses earth's dark recesses have evoked over the centuries.

Attack Surface Jun 14 2021 Cory Doctorow's *Attack Surface* is a standalone novel set in the world of New York Times bestsellers *Little Brother* and *Homeland*. Most days, Masha Maximow was sure she'd chosen the winning side. In her day job as a counterterrorism wizard for an transnational cybersecurity firm, she made the hacks that allowed repressive regimes to spy on dissidents, and manipulate their every move. The perks were fantastic, and the pay was obscene. Just for fun, and to piss off her masters, Masha sometimes used her mad skills to help those same troublemakers evade detection, if their cause was just. It was a dangerous game and a hell of a rush. But seriously self-destructive. And unsustainable. When her targets were strangers in faraway police states, it was easy to compartmentalize, to ignore the collateral damage of murder, rape, and torture. But when it hits close to home, and the hacks and exploits she's devised are directed at her friends and family--including boy wonder Marcus Yellow, her old crush and archrival, and his entourage of naïve idealists--Masha realizes she has to choose. And whatever choice she makes, someone is going to get hurt. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
